GEORGE FOX, CPA  
VANCOUVER, WA  
(360) 789-6900

To the Board of Commissioners  
Port of Klickitat  
Bingen, WA

I have compiled the accompanying statement of revenues and expenses arising from cash transactions of the Port of Klickitat as of December 31, 2005 and 2004, in accordance with the Budgeting Accounting and Reporting System as required by the State Auditor of Washington.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the accompanying financial statements and supplementary information and accordingly, I do not express an opinion or any other form of assurance on them.

Sincerely,

George Fox  
Certified Public Accountant

Vancouver, Washington

ENDING BALANCE OF NET CASH AND INVESTMENTS	<u>\$856,187</u>	<u>\$659,872</u>

## ***Note 1 – Summary of Significant Accounting Policies***

The Port of Klickitat was created in 1945 and operates under the laws of the state of Washington applicable to a public port district.

### **1. Reporting Entity**

The Port of Klickitat is a special purpose government that provides marine terminal, marina, and industrial park facilities and services to the general public. Port operations are supported by user charges, ad valorem property taxes levied for operations, capital improvements and debt service, and other miscellaneous taxes. An elected three-member board governs the Port.

The following is an identification of the significant policies, including an identification of those policies which result in a material departure from generally accepted accounting principles (GAAP).

### **2. Basis Of Accounting And Reporting**

The accounting records of the Port of Klickitat are maintained in accordance with methods prescribed by the State Auditor under the authority of Chapter 43.09 RCW. The Port uses the Budgeting, Accounting and Reporting System (BARS) for Unclassified Port Districts.

The accounts of the Port are maintained on the basis of funds. For reporting purposes, the activities of all the Port's funds are combined.

The Port uses the cash basis at accounting where revenues are recognized only when received and expenses are recognized when paid.

- 3. Cash** - It is the Port's policy to invest all temporary cash surpluses. The amount is reported on the statement of revenues and expenses arising from cash transactions as net cash and investments.
- 4. Deposits** - The Port's deposits are covered by the Federal Deposit Insurance Corporation.
- 5. Capital Assets** - Major expenses for capital assets, including capital leases and major repairs that increase useful lives, are recorded as expenses when purchased. There is no capitalization of fixed assets, nor allocation of depreciation expense. Inventory is expensed when purchased. Maintenance, repairs, and minor renewals are accounted for as expenses when paid.

**Note 1 – Summary of Significant Accounting Policies (Continued)**

6. Investments - See Note #2.

7. Compensated Absences - Vacation pay may be accumulated to a maximum amount which is limited to the employee's amount of vacation hours accrued during a 24-month period, (which may not exceed 240 hours) and is payable upon separation or retirement.

Sick leave may accumulate up to 1,056 hours. Upon separation or retirement, employees do receive payment of unused sick leave up to a maximum of 120 hours.

Compensatory leave time may accumulate up to 80 hours per hourly employee, unless approved by both the employee and Port manager. The employee may elect to receive compensatory time off instead of cash payment for overtime pay (both are computed at 1.5 times the hours worked).

8. Long-Term Debt - See Note #4.

9. Risk Management - The Port of Klickitat is a member of the Washington Governmental Entity Pool (WGEP). Chapter 48.62 RCW authorizes the governing body of any one or more governmental entity to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act.

The Pool was formed July 10, 1987, when two (2) counties and two (2) cities in the State of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. The Pool now services health districts, port districts, public utility districts, water districts, sewer districts, irrigation districts, reclamation districts, diking districts, drainage districts, flood control districts, fire protection districts, mosquito control districts, weed districts, conservation districts, library districts, regional mental health support networks, cemetery districts, park & recreation districts, air pollution districts, public development authorities, public facility districts, metropolitan municipal corporations, and other political subdivisions, governmental subdivisions, municipal corporations, and quasi-municipal corporations.

The Pool allows members to jointly purchase excess insurance coverage, share in the self-insured retention, establish a plan for total self-insurance, and provide

**Note 1 – Summary of Significant Accounting Policies (Continued)**

excellent risk management services and other related services. The Pool provides "occurrence" policies for all lines of liability coverage including Public Official's Liability. The Property coverage is written on an "all risk" basis, blanket form using current Statement of Values. The Property coverage includes mobile equipment, electronic data processing equipment, valuable papers, building ordinance coverage, property in transit, extra expense, consequential loss, accounts receivable, fine arts, inventory or appraisal cost, automobile physical damage to insured vehicles. Boiler and machinery coverage is included on a blanket limit of \$50 million for all members. The Pool offers employee dishonesty coverage up to a liability limit of \$1,000,000.

Members make an annual contribution to fund the Pool. The Pool acquires insurance from unrelated underwriters that are subject to a "per occurrence" \$500,000 deductible on liability loss, \$100,000 deductible on property loss, and \$5,000 deductible on boiler and machinery loss. The member is responsible for the first \$1,000 of the deductible amount of each claim, while the Pool is responsible for the remaining \$499,000 on liability losses, \$99,000 on property loss, \$4,000 on boiler and machinery loss. Insurance carriers cover all losses over the deductibles as shown to the policy maximum limits. Since the Pool is a cooperative program, there is a joint liability among the participating members.

The contract requires members to remain in the pool for a minimum of three (3) years and must give notice 60 days before terminating participation. Members joining after October 2000 join the pool with one (1) full fiscal year commitment and must give notice six (6) months before terminating participation. The Interlocal Governmental Agreement is renewed automatically each year after the initial three (3) year period. Even after termination, a member is still responsible for contribution to the Pool for any unresolved, unreported and in-process claims for the period they were a signatory to the Interlocal Governmental Agreement.

The Pool is fully funded by its member participants. Claims are filed by members with the Washington Governmental Entity Pool, and are administered in house.

A Board of Directors consisting of seven (7) board members governs the Pool. Its members elect the Board and the positions are filled on a rotating basis. The Board meets quarterly and is responsible for conducting the business affairs of the Pool.

The Port purchased named position bonds for all employees having bank signatory authority, rather than a dishonesty blanket bond.

## **NOTE 2 - INVESTMENTS**

Investments - The Port's investments are either insured, registered or held by the Port or its agent in the Port's name.

Investments by type at December 31, 2005 are as follows:

Type of Investment	Balance
Local Government Investment Pool	\$528,841.00
Cash With Klickitat County Treasurer Or in Banks	\$143,266.62

2. Derivatives and Similar Transactions - The Port held no derivatives or similar transactions.

## **NOTE 3 - PROPERTY TAXES**

The county Treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Collections are distributed at the end of each month. Property tax revenues are recognized when cash is received by the Port. Delinquent taxes are considered fully collectible because a lien affixes to the property when taxes are levied. The Port's regular levy for 2005, as estimated by the Klickitat County Assessor, was \$0.205867 per \$1,000 on an assessed valuation of \$844,553,687 for a total regular levy of \$173,865.

#### **NOTE 4 - LONG-TERM DEBT AND CAPITAL LEASES**

The accompanying Schedule of Long-Term Debt (09) provides a listing of the outstanding debt of the Port and summarizes the Port's debt transactions for 2005. More detailed listings of long-term debt are attached as Exhibits "A" and "B". A summary of the debt service requirements, including interest (and capital lease payments) are as follows:

Year	General Obligation Bonds	Other Debt	Total Debt Service Payments
2006	\$ 89,593	\$ 58,671	\$ 148,264
2007	88,333	58,671	147,004
2008	91,883	58,671	150,554
2009	90,128	58,671	148,799
2010	88,328	105,551	193,789
2011-2015	450,550	505,768	956,318
2016-2021	442,925	375,157	818,082
2021-2025	178,750	93,761	272,511
TOTAL	\$ 1,520,398	\$ 1,314,922	\$ 2,835,319

As of December 31, 2005 the Klickitat County Treasurer was holding \$65.45 in a 1970 Bond Reserve Fund-Invt (of which the bonds have been defeased).

#### 1970 (Defeased) Revenue Bonds

Balance 12/31/03	\$ 15,000.00
Redeemed in 2004	<u>&lt; 0.00</u>
Balance 12/31/04	\$15,000.00

#### Limited-Tax General Obligation Bonds Outstanding

2003 Bingen Point Bldg 1D, \$1,100,000 1.5 - 5.5%, Variable interest semi-annually and variable principal annually to 2022	\$ 990,000
--	------------

#### SHORT TERM DEBT

As of December 31, 2005 the Port held no short-term debt.

## **NOTE 5 - CONSTRUCTION IN PROGRESS**

Below are actual expenditures and approximated project completion costs (for the next five (5) years) associated with Construction in Progress projects. Financing for the completion of the projects will be secured via loans, grants or obtained from operational income.

PROJECT	Projected Budget	Funds Expended to 12/31/2005	Funds Still Committed	Required Future Financing
Bingen Point Development	\$5,000,000	\$1,175,724	\$50,000	\$3,774,276
Bingen Point Building 1D	2,495,461	2,361,162	134,299	0
Bingen Point Building 1E	2,000,000	24,602	1,675,398	300,000
DIP Infrastructure Eng/Const	3,500,000	207,357	7,000	3,285,643
	<u>\$12,995,461</u>	<u>\$3,768,845</u>	<u>\$1,866,697</u>	<u>\$7,359,919</u>

## **NOTE 6 - PENSION PLANS**

In 1995, the Port Commission authorized participation for the Port's present eligible employees to enter into the Public Employees Retirement System. At that time, the Port elected to pay PERS the employer's portion of prior service credits for Port employees (amounting to \$11,454) at an installment rate over 15 years. One employee did not satisfy his employee's portion of his prior service credits prior to separating from service, so the Port was servicing his expense of \$3,995.01, in addition to the employer's obligation, at an installment rate over 15 years. The outstanding balance was paid to PERS in full on December 30, 2005 in the amount of \$5,361.09.

Substantially all Port of Klickitat full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under a cost-sharing multiple-employer public employee defined benefit and defined contribution retirement plans. The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each plan. The DRS CAFR may be obtained by writing to:

Department of Retirement Systems  
Communications Unit  
P.O. Box 48380  
Olympia, WA 98504-8380

### **Note 6 – Pension Plan (Continued)**

The following disclosures are made pursuant to GASB Statement No. 27, Accounting for Pensions by State and Local Government Employers.

#### **Public Employees' Retirement System (PERS) Plans 1, 2, and 3**

##### Plan Description

PERS is a cost-sharing multiple-employer retirement system comprised of three separate plans for membership purposes: Plans 1 and 2 are defined benefit plans and Plan 3 is a combination defined benefit/defined contribution plan. Membership in the system includes: elected officials; state employees; employees of the Supreme, Appeals, and Superior courts (other than judges in a judicial retirement system); employees of legislative committees; community and technical colleges, college and university employees (not in national higher education retirement programs); judges of district and municipal courts; and employees of local governments. PERS participants who joined the system by September 30, 1977, are Plan 1 members. Those who joined on or after October 1, 1977 and by either, February 28, 2002 for state and higher education employees, or August 31, 2002 for local government employees, are Plan 2 members unless they exercise an option to transfer their membership to Plan 3. PERS participants joining the system on or after March 1, 2002 for state and higher education employees, or September 1, 2002 for local government employees have the option of choosing membership in either PERS Plan 2 or PERS Plan 3. The option must be exercised within 90 days of employment. An employee is reported in Plan 2 until a choice is made. Employees who fail to choose within 90 days default to PERS Plan 3. PERS defined benefit retirement benefits are financed from a combination of investment earnings and employer and employee contributions. PERS retirement benefit provisions are established in state statute and may be amended only by the State Legislature.

Plan 1 retirement benefits are vested after an employee completes five years of eligible service. Plan 1 members are eligible for retirement at any age after 30 years of service, or at the age of 60 with five years of service, or at the age of 55 with 25 years of service. The annual pension is 2 percent of the average final compensation per year of service, capped at 60 percent. The average final compensation is based on the greatest compensation during any 24 eligible consecutive compensation months. If qualified, after reaching the age of 66 a cost-of-living allowance is granted based on years of service credit and is capped at 3 percent annually.

### **Note 6 – Pension Plan (Continued)**

Plan 2 retirement benefits are vested after an employee completes five years of eligible service. Plan 2 members may retire at the age of 65 with five years of service, or at the age of 55 with 20 years of service, with an allowance of 2 percent of the average final compensation per year of service. The average final compensation is based on the greatest compensation during any eligible consecutive 60-month period. Plan 2 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and a cost-of-living allowance is granted (indexed to the Seattle Consumer Price Index), capped at 3 percent annually.

Plan 3 has a dual benefit structure. Employer contributions finance a defined benefit component, and member contributions finance a defined contribution component. The defined benefit portion provides a benefit calculated at 1 percent of the average final compensation per year of service. The average final compensation is based on the greatest compensation during any eligible consecutive 60-month period. Plan 3 members become eligible for retirement if they have: at least ten years of service; or five years including twelve months that were earned after age 54; or five service credit years earned in PERS Plan 2 prior to June 1, 2003. Plan 3 retirements prior to the age of 65 receive reduced benefits. If retirement is at age 55 or older with at least 30 years of service, a 3 percent per year reduction applies; otherwise an actuarial reduction will apply. There is no cap on years of service credit; and Plan 3 provides the same cost-of-living allowance as Plan 2. The defined contribution portion can be distributed in accordance with an option selected by the member, either as a lump sum or pursuant to other options authorized by the Employee Retirement Benefits Board.

There are 1,168 participating employers in PERS. Membership in PERS actuarial valuation date for the plans as of September 30, 2004 (the most recent data available):

Retirees and Beneficiaries Receiving Benefits	65,362
Terminated Plan Members Entitled to But Not Yet Receiving Benefits	20,001
Active Plan Members Vested	100,469
Active Plan Members Non-vested	54,081
Total	239,913

#### **Funding Policy**

Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates, Plan 2 employer and employee contribution rates, and Plan 3

**Note 6 – Pension Plan (Continued)**

employer contribution rates. Employee contribution rates for Plan 1 are established by statute at 6 percent for state agencies and local government unit employees, and 7.5 percent for state government elected officers. The employer and employee contribution rates for Plan 2 and the employer contribution rate for Plan 3 are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. All employers are required to contribute at the level established by the Legislature. PERS Plan 3 defined contribution is a non-contributing plan for employers. Employees who participate in the defined contribution portion of PERS Plan 3 do not contribute to the defined benefit portion of PERS Plan 3. The Employee Retirement Benefits Board sets Plan 3 employee contribution rates. Six rate options are available ranging from 5 to 15 percent; two of the options are graduated rates dependent on the employee's age. The methods used to determine the contribution requirements are established under state statute in accordance with chapters 41.40 and 41.45 RCW.

The required contribution rates expressed as a percentage of current-year covered payroll, as of December 31, 2005, were as follows:

	PERS Plan I	PERS Plan II	2.44
Employer *	2.44%	2.44%	1.38% **
Employee	6.00%	2.25%	***

- \* The employer rates include the employer administrative expense fee currently set at 0.19%.
- \*\* Plan 3 defined benefit portion only.
- \*\*\* Variable from 5.0% minimum to 15.0% maximum based on rate selected by the PERS 3 member.

Both the Port and the employees made the required contributions. The Port's required contributions for the years ending December 31 were:

	PERS Plan I	PERS Plan II	PERS Plan III
2005	\$0	\$2,319.17	\$0
2004	\$0	\$1,715.76	\$0

## **NOTE 7 - CONTINGENCIES AND LITIGATION**

In the opinion of management, the Port's insurance policies are adequate to pay all known or pending claims.

In various years, the Port participates in a number of federal-and state-assisted programs. These grants are subject to audit by the grantors or their representatives. Such audits could result in requests for reimbursement to grantor agencies for expenditures disallowed under the terms of the grants. Port management believes that such disallowances, if any, will be immaterial.

The Port entered into a contract to construct Building 1D for Insitu, Inc. in 2003. The Building was constructed in an area that qualified for a deferral of sales taxes due on its construction. The deferral will become a permanent exemption if Insitu, Inc. remains in the Building and submits an annual survey to the Washington State Dept. of Revenue through December 31, 2011. If the State requirements are not met, the Port will have to pay some or all of the sales taxes deferred. The contingent liability of the Port for these deferred sales taxes is as follows:

<u>December 31,</u>	<u>Amount</u>
2004 – 2006	\$134,299
2007	\$120,869
2008	\$100,724
2009	\$73,864
2010	\$40,290
Thereafter	0

The Port has established a reserve fund to retire this contingent liability in the event it is required to be paid, and it reports this fund as a separate line item in its cash position report.
