Notice to Contractors

Sealed bids for the **Dallesport Industrial Park Rail Spur Project #2026-02**, will be received by the Port of Klickitat at the reception desk located in the Port Office at 154 East Bingen Point Way, Suite A, Bingen, WA 98605 (mailing address 154 East Bingen Point Way, Suite A, Bingen, WA 98605) until 2:00 p.m. on **June 9, 2026** for performing the work described below. Sealed bids received will be opened in the Port Administrative Offices and publicly read aloud on **June 9, 2026** at 2:05 p.m. or shortly thereafter. Bids received after 2:00 p.m. on **June 9, 2026** will not be considered. The Port reserves the right to reject any and all bids, and to waive informalities that are not, in the opinion of the Port Commissioners, material.

Bid envelopes shall be appropriately marked on the outside **"Bid Opening 2:00 p.m. June 9, 2026. Dallesport Industrial Park Rail Spur Project #2026-02."**

This contract provides for the improvement of approximately 3,825 track feet (TF) on two private industry rail spurs by the: replacement and adjustment of ties; installation of missing hardware, anchors, insulated joints, head bonds, and grounding; lubrication and adjustment of switches; replacement and dressing of missing ballast; installation of walkway ballast; and other work; all in accordance with the Contract Plans, Contract Provisions, and the Standard Specifications.

Bid proposals shall be accompanied by a bid proposal deposit in cash, certified check, cashier's check or surety bond in the amount equal to five percent (5%) of the amount in the bid proposal. Should the successful bidder fail to enter into such contract and furnish satisfactory performance bond within the time stated in the specifications, the bid proposal deposit shall be forfeited to the Port of Klickitat.

Approximate project cost is estimated to be between \$150,000 and \$300,000.

The Klickitat County Port District, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

Obtaining Bid Documents:

Free of charge: Plans, Specifications, addenda, bidders list, and plan holders list for the project are available on the Port's website www.portofklickitat.com.

1 **Section 00 21 13 – INSTRUCTIONS TO BIDDERS**

2 Part 1 – **GENERAL**

3 1.1 **Addenda**

- 4 A. It is the bidder’s responsibility to ensure that it has reviewed all addenda issued for the
5 Invitation to Bid.
- 6 B. If bidder shall fail to acknowledge, on its bid form, all addenda issued for the Invitation to
7 Bid, its bid will be deemed non-responsive.

8 1.2 **Collusive Bidding**

- 9 A. The bidder certifies that its bid is made without prior knowledge of competitive prices,
10 without any previous understanding, agreement, or connection with any person, firm, or
11 corporation making a bid for the same project, and without outside control, collusion,
12 fraud or otherwise illegal action.
- 13 B. If the Port determines that collusion has occurred among two or more of the bidders, the
14 bids of the participants in such collusion will be disqualified and excluded from
15 consideration. The Port’s determination of collusion shall be final.

16 1.3 **Assignment of Funds**

- 17 A. No assignment by the bidder of the funds to be received will be recognized or permitted
18 unless the assignment has received written approval of the Port and the bidder’s surety.

19 1.4 **Award or Rejection of Bids**

- 20 A. The contract will be awarded to the lowest responsive bidder complying with the
21 provisions of this Invitation to Bid. However, to the extent permitted by law, the Port
22 reserves the right to reject any or all bids and to waive any informality in the bids received
23 when such rejection or waiver is in the best interests of the Port.
- 24 B. The lowest bidder will be determined by the Total Base Bid price, however if the Total
25 Base Bid is less than the Port’s project budget, then the Additive Bid items will be added
26 to each Total Base Bid in the order they are presented (A through C) until the Port’s
27 project budget has been reached. The bidder that can provide the most Additive Bid Items
28 at the lowest cost will then be selected.

29 1.5 **Bid Closing**

- 30 A. Sealed bids will be received by the Executive Director of Klickitat County Port District No.
31 1, Bingen, Washington, up to the hour of **2:00 PM PPT on June 9, 2026**. No bid shall be
32 received or considered after this closing time.

33 1.6 **Bid Documents**

- 34 A. The Bid Documents are comprised of the Bid Proposal, Bid Bond form, Unit Prices,
35 Certification of Compliance with Wage Payment Statutes, and Non-Collusion Affidavit as
36 provided in this document as well as a Statement of Experience (if required).

37 1.7 **Bid Errors**

- 38 A. The Contractor may not claim a bid error or mistake as a basis for recovery of its deposit
39 or as a defense to any action for its failure to execute a contract. Pursuant to RCW
40 39.04.107, a low bidder on a public works project who claims error and fails to enter into a
41 contract is prohibited from bidding on the same project if a second or subsequent call for
42 bids is made for the project.

43 1.8 **Bid Modification**

- 44 A. The bidder shall be allowed to modify its bid prior to the scheduled closing of the bids. No
45 modification will be allowed subsequent to the published time for closing of the bids.

- 1 1.9 **Bid Opening**
- 2 A. Bids will be publicly opened at approximately **2:05 PM PPT** on **June 9, 2026** in the Port of
- 3 Klickitat Administrative Offices located at 154 E Bingen Point Way Ste. A; Bingen, WA
- 4 98605. Bidders may be present at the opening of the bids.
- 5 1.10 **Bid Proposal**
- 6 A. Bidders are required to respond using the blank Bid Documents contained in this
- 7 document. The Bid Documents shall be assembled and in good order and Bidders may
- 8 make copies of the Bid Documents for their own files. **Bidders are advised to read all**
- 9 **pages of this document.** Failure to read and understand the requirements contained
- 10 herein shall not be grounds for any breach of said requirements.
- 11 1.11 **Bid Security**
- 12 A. Bids shall be accompanied by a certified check, cashier's check, or other direct obligation
- 13 of a bank, payable to the order of the "Klickitat County Port District No. 1", or an approved
- 14 bid bond in the form included in these Contract Documents, in an amount of not less than
- 15 five percent (5%) of the amount of the total bid price.
- 16 B. Bids not accompanied by such check or approved bid bond in the form included in the
- 17 Contract Documents shall be deemed non-responsive.
- 18 C. Bid bonds shall be executed by a bonding company that satisfies the following
- 19 requirements:
- 20 1. It must have a sound financial standing and a record of service satisfactory to the
- 21 Port;
- 22 2. It must be authorized to do business in the State of Washington;
- 23 3. It shall be named on the current list of approved surety companies acceptable on
- 24 federal bonds;
- 25 4. It must conform with the underwriting limitations as published in the Federal Register
- 26 by the audit staff of the Bureau of Accounts and U. S. Treasury Department; and
- 27 5. It shall carry an "A" rating and be of the appropriate class for the bond amount as
- 28 described in A.M. Best's rating system.
- 29 D. The amount of the bid bond shall be forfeited to, and become the property of, the Port in
- 30 the event the selected bidder fails to enter into the Contract in accordance with its bid and
- 31 furnish the required surety bonds within ten (10) calendar days from the date of the Notice
- 32 of Award.
- 33 E. Checks will be returned, or receipt for bid bonds given to unsuccessful bidders, after the
- 34 execution of the Contract. A certified check, cashier's check, or other direct obligation of a
- 35 bank must be enclosed in the envelope containing the proposal.
- 36 1.12 **Bid Withdrawal**
- 37 A. The bidder may withdraw its bid prior to the Bid Submission Deadline established in these
- 38 Contract Documents. The bidder may not withdraw its bid at, or subsequent to, the
- 39 published Bid Closing time.
- 40 1.13 **Officers not to Benefit**
- 41 A. Upon signing this bid, the bidder certifies that no member of the governing body of the
- 42 Port, or members of his/her immediate family, including spouse, parents or children, or
- 43 any other officer or employees of the Port controlled or appointed by the Port's Executive
- 44 Director, has received or has been promised, directly or indirectly, any financial benefit by
- 45 way of fee, commission, finder's fee or in any other manner, remuneration arising from or
- 46 directly or indirectly related to this contract; and that upon request by the Port District, as
- 47 a prerequisite to payment pursuant to the terms of this contract, there will be furnished to
- 48 the requester, under oath, answers to any interrogatories related to a possible conflict of
- 49 interest as herein embodied. Any contract made or entered into, where it is discovered
- 50 that violation of the intent of this provision exists, may be declared null and void and all

1 monies received by the Contractor must be returned to the Klickitat County Port District
2 No. 1.

3 **1.14 Prefabricated Items Made Outside Washington**

- 4 A. For work estimated to exceed one million dollars (\$1,000,000), a contractor or sub-
5 contractor directly contracting for off-site, prefabricated, nonstandard, project-specific
6 items produced outside Washington must submit to the Department of Labor and
7 Industries (“Lni”) as part of its affidavit of wages paid form, the following information
8 regarding off-site, prefabricated, nonstandard, project-specific items produced under the
9 terms of the contract and outside Washington.
- 10 1. Estimated cost of the project.
 - 11 2. Name of the awarding agency and the title of the project.
 - 12 3. The contract value of the off-site, prefabricated, nonstandard project-specific items
13 produced outside Washington, including labor and materials.
 - 14 4. The name, address, and federal employer identification number of the contractor that
15 produced the off-site, prefabricated, nonstandard, project-specific items.

16
17 Note: Off-site, prefabricated, nonstandard, project-specific items means products or items
18 that are made primarily of architectural or structural precast concrete, fabricated steel
19 pipe and pipe systems, or sheet metal and sheet metal duct work produced specifically
20 for the public work and not considered to be regularly available shelf items, produced or
21 manufactured by labor expended to assemble or modify standard items, and produced or
22 manufactured at an off-site location.

23 **1.15 Pricing and Escalation**

- 24 A. The bid must be priced as called for in the Contract Documents.
- 25 B. All prices on the bid form shall be in U.S. dollars.
- 26 C. A unit price shall be submitted for each item of the Work plus an extension thereof and
27 the total Contract Sum.
- 28 D. The prices on the bid form shall include everything necessary for the prosecution and
29 completion of the Work in accordance with the Contract Documents including, but not
30 limited to, furnishing all materials, equipment, tools, transportation, plant and other
31 facilities, and all management, superintendence, labor and services, and field design,
32 except as may be otherwise stipulated in the Contract Documents.
- 33 E. The prices on the bid form shall be firm. Escalation is not permitted.

34 **1.16 Qualifications of Bidder**

- 35 A. Each bidder must submit a statement of work experience, general ability to perform the
36 work under this contract, and equipment available to perform this work. The bidder will be
37 required to be the primary contractor and equipment installer for a minimum of fifty-one
38 percent (51%) of this contract. This requirement will be considered in the award of the
39 contract.

40 **1.17 Registration, Insurance, and Bonds**

- 41 A. All contractors are required to be locally licensed, have a state contractors license, and
42 accounts with the Departments of Revenue and Labor and Industries agencies. Under
43 certain circumstances some or all of the following may be required. The successful bidder
44 shall be subject to the following requirements:
- 45 1. A written contract executed by the successful bidder including evidence of registration
46 of the contractor and any sub-contractors.
 - 47 2. Washington State Contractors Business License. (Unified Business Account
48 Number).
 - 49 3. Prevailing wage statements and affidavits in accordance with Chapter 39.12 RCW.
 - 50 4. Performance and payment bond executed by the successful bidder and his or her
51 surety company.

- 1 5. Certificates of Insurance.
- 2 6. Bid Bond.
- 3 7. Required permits necessary to perform the work are for the contractors account.

4 **1.18 Responsive Bidder**

- 5 A. In determining a responsive bidder, the following qualifications will be considered by the
- 6 Port District.
- 7 1. The ability, capacity and skill of the bidder to perform the service required within the
- 8 specified time.
- 9 2. The character, integrity, reputation, judgment, experience and efficiency of the bidder.
- 10 3. The quality of performance of previous contracts or services.
- 11 4. The previous and existing compliance by the bidder with laws and ordinances relating
- 12 to previous contracts and to the bidders employment practices.
- 13 5. The sufficiency of the financial resources and ability of the bidder to perform the
- 14 contract or provide the services.
- 15 6. The quality, availability and adaptability of the supplies, or contractual services, to the
- 16 particular use required.
- 17 7. Whether the bidder is in arrears to the Port, in debt on contract or is a defaulter on
- 18 surety to the Port or whether the bidder's taxes or assessments are delinquent.
- 19 8. Such other information as may be secured by the Port having a bearing on the
- 20 decision to recommend the award.
- 21 9. Should a bid be obviously unbalanced.

22 **1.19 Return Address Envelope**

- 23 A. Bids must be made using the forms provided in this document. They must not be
- 24 detached from the Contract Documents. The entire package must be assembled and in
- 25 good order, placed in a sealed envelope marked only as, "Project 2026-02 DIP Rail Spur
- 26 Improvements Project", and enclosed in another envelope addressed to Port of Klickitat;
- 27 154 E Bingen Point Way Ste. A; Bingen, WA 98605.

28 **1.20 Subcontracting**

- 29 A. Bidder is encouraged to use small, minority-owned, and women-owned businesses as
- 30 subcontractors and/or suppliers.

31 **1.21 Surety Bond**

- 32 A. Upon acceptance of the bid by the Port Commission, the successful bidder will be notified
- 33 that it has been awarded the Contract for the Work bid upon by it. Within ten (10)
- 34 calendar days from the date of award, the successful bidder shall enter into the Contract
- 35 with the Klickitat County Port District No. 1, and shall, upon the signing of said Contract,
- 36 furnish to the Port District fully executed surety performance and payment bonds in the
- 37 forms included in the Contract Documents, conditioned upon the full, complete and
- 38 faithful performance of all the terms and conditions of said contract and payment for all
- 39 materials, labor and applicable taxes. Each bond shall be executed by a bonding
- 40 company that satisfies the following requirements:
- 41 1. It must have a sound financial standing and a record of service satisfactory to the
- 42 Port;
- 43 2. It must be authorized to do business in the State of Washington;
- 44 3. It shall be named on the current list of approved surety companies acceptable on
- 45 federal bonds;
- 46 4. It must conform with the underwriting limitations as published in the Federal Register
- 47 by the audit staff of the Bureau of Accounts and U. S. Treasury Department; and
- 48 5. It shall carry an "Excellent" (A-) or better rating and be of the appropriate class for the
- 49 bond amount as described in A. M. Best's rating system.
- 50 Each bond shall be in an amount equal to the full amount of the contract plus Washington
- 51 State Sales Tax.

- 1 1.22 **Vendor Agent**
- 2 A. A bid or proposal by a person who affixes to his or her signature the word "President",
3 "Secretary", "Agent", or other designation, without disclosing his or her principal, will be
4 considered the proposal of the individual. A bid by a corporation shall be signed with the
5 name of the corporation, followed by the signature of the President, Secretary or other
6 officer authorized to bind the corporation in the matter, with evidence of his or her
7 authority to do so. An impression of the corporation seal must appear upon bids
8 submitted by the corporation. That a bid by a partnership or firm should be signed by a
9 partner, owner, or agent of the partnership or firm, below the name of the partnership or
10 firm, and listing the names of the members of the firm. Any person signing the proposal as
11 agent for another or others must file with it legal evidence of his or her authority to do so.
- 12 1.23 **Equivalents and Substitutions**
- 13 A. Bids shall be based only on the use of those items named in the specifications, if any, or
14 approved equivalents or substitutions. When named, specific items may be required to
15 address operating or maintenance issues and bidders should not assume approval of an
16 equivalent or substitution in the absence of written approval.
- 17 B. Requests for approval of an equivalent or substitution may be submitted by bidders only.
18 Subcontractors and suppliers are not permitted to make such requests. Approval of any
19 requested equivalent or substitution is at the sole discretion of the Port and shall be made
20 only by an addendum to these Contract Documents.
- 21 Part 2 – **PRODUCTS** (not used)
- 22 Part 3 – **EXECUTION**
- 23 3.1 **Addenda**
- 24 A. The bidder shall acknowledge, on its bid form, all issued addenda for the Contract
25 Documents.
- 26 B. Addenda shall be posted to the Port's web site in the same location as the Contract
27 Documents and sent to the same persons in the same manner and to the same locations
28 as the Invitation to Bid.
- 29 3.2 **Ambiguities and Clarifications**
- 30 A. Requests for interpretation or clarification of, or to report ambiguities in, any portion of the
31 Contract Documents shall be made in writing and sent to port@portofklickitat.com via
32 electronic mail no later than **2:00 PM PPT on June 4, 2026**. Interpretations, supplemental
33 instructions, clarifications, and other answers shall be issued only in the form of written
34 addenda. All addenda shall become part of the Contract Documents and any
35 subsequently awarded contract.
- 36 3.3 **Agency**
- 37 A. If the person signing the bid shall do so as agent for another, s/he shall submit with the
38 bid legal evidence of his/her authority to do so.
- 39 3.4 **Collusive Bidding**
- 40 A. The bidder shall include in its bid an executed Non-Collusion Affidavit in the form provided
41 in these Contract Documents.
- 42 3.5 **Contract Documents**
- 43 A. The Bidder shall examine the Contract Documents and any other information, drawings,
44 or plans made available and shall comply with all instructions and provisions contained
45 therein.
- 46 B. The bidder shall comply with all instructions and provisions of the Contract Documents.

- 1 C. If the bidder shall find any condition that appears to be in conflict with the Contract
2 Documents or with any other information, drawings, or plans made available to the bidder,
3 the bidder shall promptly notify the Port of the conflict in writing.
- 4 **3.6 Bid Submittal**
- 5 A. The Bid Documents shall be enclosed in a sealed envelope marked with the project ID
6 and name and addressed to the Port of Klickitat.
- 7 B. The Bid Documents must be received by the Port on or before the submittal deadline
8 specified herein. The clock in the conference room of the Port office identified as "Official
9 Port Time" shall be used in determining the timeliness of all bid submittals.
- 10 C. The Bid shall include the Bid Security.
- 11 D. If the Bidder employs persons in Washington State, the Bidder must have an employment
12 security reference number as required in compliance with Title 50 RCW
13 (apps.leg.wa.gov/rcw/default.aspx?cite=50).
- 14 E. The Bid and associated documents shall be delivered in paper form. Delivery of the Bid
15 via electronic mail (e-mail), telephone, telegraph, or telefacsimile is not permitted.
- 16 **3.7 Bid Protest**
- 17 A. All bid protests shall be made in writing and addressed to the Port of Klickitat; 154 E
18 Bingen Point Way Ste. A; Bingen, WA 98605.
- 19 B. The Bidder must submit any protest regarding this public works project to the Port no later
20 than two full business days following bid opening as required under RCW 39.04.105
21 (apps.leg.wa.gov/rcw/default.aspx?cite=39.04.105).
- 22 C. All bid protests shall include:
23 1. Name, address, and phone number of the protesting bidder or its representative;
24 2. Project ID and name described in these Contract Documents;
25 3. A detailed description of the specific grounds for protest and any supporting
26 documentation. It is the responsibility of the protesting bidder to provide any
27 subsequently discovered documents prior to the Port's decision.
28 4. The specific resolution or relief requested;
- 29 D. A contract will not be awarded pending resolution of the protest except in those cases
30 where the Port's Executive Director determines, in writing, that such award is justified by
31 exigent circumstances. Any such determination will be provided to any protesting bidder
32 no less than two business days prior to award so as to permit the pursuit of judicial
33 recourse.
- 34 E. Strict compliance with the protest procedures described in this Section is necessary to
35 protect the public interest. Any protesting bidder that fails to comply with these protest
36 procedures is deemed to have waived any claim with respect to alleged irregularities in
37 connection with the invitation to bid or contract award.
- 38 F. The bidder may not pursue any judicial or administrative proceeding challenging the
39 invitation to bid or contract award unless it has first performed the procedures, and
40 exhausted the remedies, specified in these Contract Documents.
- 41 **3.8 Claim of Error**
- 42 A. The Bidder may claim an error in its Bid by submitting to the Port supporting evidence,
43 including but not limited to cost breakdown sheets, and any other supporting
44 documentation requested by the Port, within twenty-four (24) hours of bid opening. In the
45 event the Bidder demonstrates an error in the Bid to the Port's satisfaction, the Port may
46 allow the Bidder to withdraw its bid. A low bidder who claims error and fails to enter into a
47 contract is prohibited from bidding on the same project if a subsequent Invitation to Bid is
48 issued for that project, pursuant to RCW 39.04.107.

1 **3.9 Equivalents and Substitutions**
2 A. Requests for approval of an equivalent or substitution shall be submitted to the Port no
3 less than ten (10) calendar days prior to the bid submittal deadline and shall include
4 complete descriptions, technical data, and performance records.
5 **3.10 Evaluation**
6 A. The Port will evaluate all bids submitted by responsible bidders to determine which bid is
7 the lowest responsive bid.
8 **3.11 Inspection of Work Site**
9 A. The bidder shall inspect and compare the work site and Contract Documents to evaluate
10 the location of the Work, the actual physical conditions of the site, and the surface and
11 subsurface conditions generally recognized as inherent in the Work. The bidder shall
12 obtain written permission from the Port prior to entering the work site or conducting
13 physical testing of the work site, except for attendance during any scheduled pre-bid
14 meeting.
15 **3.12 Subcontracting**
16 A. Pursuant to RCW 39.30.060, for any bid in excess of one million dollars (\$1,000,000),
17 1. Bidder shall submit with its Bid the names of the subcontractors with whom the
18 Bidder, if awarded the contract, will subcontract for performance of the work of: HVAC
19 (heating, ventilation, and air conditioning); plumbing as described in Chapter 18.106
20 RCW (apps.leg.wa.gov/rcw/default.aspx?cite=18.106), and electrical as described in
21 Chapter 19.28 RCW (apps.leg.wa.gov/rcw/default.aspx?cite=19.28), or to name itself
22 for the Work.
23 2. Bidder shall submit within 48 hours after the published bid submittal time the names
24 of the subcontractors with whom the bidder, if awarded the contract, will subcontract
25 for performance of the work of structural steel installation and rebar installation.
26 3. The Bidder shall not list more than one subcontractor for each category of work
27 identified unless subcontractors vary with bid alternates, in which case the Bidder
28 must indicate which subcontractor will be used for which alternate. Failure to name
29 such subcontractors shall render the Bidder's bid non-responsive and, therefore, void.
30 **3.13 Apprenticeship Program**
31 A. RCW 39.04.320 requires all public works contracts after July 1, 2024 for all public works
32 contracts awarded over \$2,000,000 or more, must require that no less than 15 percent of
33 the labor hours be performed by apprentices. The Port of Klickitat encourages contractors
34 to make good faith efforts to utilize apprenticeship labor by a) the demonstration of lack of
35 availability of apprentices in specific geographic areas, b) a disproportionately high ratio
36 of material costs to labor hours, which does not make feasible the requirement minimum
37 levels of apprentice participation, c) contractor has demonstrated a good faith effort to
38 comply with the requirement. The Port of Klickitat does not offer monetary incentives.

1 **Section 00 25 13 – PRE-BID MEETINGS**

2 Part 1 – **GENERAL**

3 1.1 **Summary**

- 4 A. A non-mandatory pre-bid meeting is scheduled for **10:00 AM PPT** on **May 26, 2026**
5 immediately north of the intersection of Parallel Avenue and Kreps Drive, Dallesport, WA
6 98617 (approximately centered at 45.62317° latitude, -121.13892° longitude). Prospective
7 bidders are strongly encouraged to attend non-mandatory pre-bid meetings.
- 8 B. Failure by a bidder to attend any mandatory pre-bid meeting will render the bidders bid
9 “non-responsive”.
- 10 C. Subcontractors and suppliers may attend pre-bid meetings.

11 Part 2 – **PRODUCTS** (not used)

12 Part 3 – **EXECUTION**

13 3.1 **Attendance**

- 14 A. Prospective bidders, subcontractors, and suppliers attending the pre-bid meeting shall be
15 present at the location and address at the time specified as set forth in this Section.
- 16 B. Attendees should review any information and safety precautions for hazardous materials
17 as may be described in these Contract Documents to determine for themselves
18 appropriate protective clothing or equipment.
- 19 C. By attending any pre-bid meeting, attendees agree to indemnify and hold the Port
20 harmless from any and all claims of personal injury arising from their participation in the
21 pre-bid meeting including site visits, if any.

22 End of Section 00 25 13

23

1 **Section 00 31 26 – EXISTING HAZARDOUS MATERIAL INFORMATION**

2 Part 1 – **GENERAL**

3 1.1 **Summary**

4 A. This Section provides the notification required for disclosure of asbestos, lead-containing,
5 or other hazardous materials.

6 1.2 **Hazardous Materials Notice**

7 A. The Port has no evidence that any asbestos, lead-containing, or other hazardous
8 materials will be disturbed by the Work.

9 Part 2 – **PRODUCTS** (not used)

10 Part 3 – **EXECUTION**

11 3.1 **Discovery**

12 A. If the Contractor encounters material suspected of containing lead or asbestos, the
13 Contractor shall stop work and immediately notify the Port and Engineer.

14 B. Upon notice by the Contractor, Port shall notify the various governmental and regulatory
15 agencies concerned with the presence of potentially contaminated materials, if warranted.

16 C. Port may suspend work in the vicinity of any potentially contaminated material.

17 3.2 **Testing**

18 A. Upon notice by the Contractor, the Port shall determine, in conjunction with the Engineer
19 and any governmental and/or regulatory agencies, if further testing is necessary to
20 determine the nature of the materials involved and, if so, to conduct same at its expense.

21 3.3 **Management**

22 A. The actual procedures used in resuming the Work shall depend upon the nature and
23 extent of the potentially contaminated material. Such procedures may include, but are not
24 limited to, the following:

- 25 1. Resumption of the Work as before the suspension
- 26 2. Relocation of the Contractor's operations to another portion of the Work until
27 measures to eliminate any hazardous conditions are developed and approved by the
28 appropriate regulatory agencies
- 29 3. Treatment and/or disposal of the contaminated material in an approved manner
- 30 4. Modification or termination of this Contract

SECTION 00 41 13 – BID FORM

The undersigned Bidder hereby declares that s/he has read the Invitation to Bid and the plans, specifications, and drawings provided, understands the conditions described therein, and has determined all situations affecting the goods and services it is bidding upon.

The undersigned Bidder proposes and agrees, if its bid is accepted, to provide all goods and services, at his/her own expense, according to the plans, specifications, contract, and the instructions of the Port of Klickitat, to furnish the goods and services within the time stated, and to complete the work for the following prices:

Total Base Bid:

\$ _____

Additive Bid Items:

Additive Bid Item #A:

\$ _____

Additive Bid Item #B:

\$ _____

Additive Bid Item #C:

\$ _____

This work under the contract shall be fully completed by the date of completion declared in this proposal including the Base Bid and Additive Bid Items A, B, and C for the total bid amount of:

\$ _____

State Sales Tax: The above bid does not include state or local retail sales and/or use tax. The applicable tax will be calculated and paid out by the Port.

The work under this Contract shall be fully completed within **30 working days** from the date of the Notice to Proceed given by the Port District to the Contractor for the amount stated above. Time is of the essence in completing this project on or before the stated completion time and will be an important consideration in the final award of this contract.

Please also find herewith enclosed with this proposal our deposit in the form of a certified check, cashier's check or bid bond for the amount of \$ _____, which is not less than five percent (5%) of the combined total sum of this bid.

1 **SECTION 00 45 13 – RESPONSIBLE BIDDER REQUIREMENTS**

2 Part 1 – **GENERAL**

3 1.1 **Summary**

4 A. Under RCW 39.04.350, all bidders must meet the following responsibility criteria to be
5 considered a responsible bidder and qualified to be awarded the project. Failure to meet
6 these requirements will result in disqualification of the Bidder.

7 1.2 **Requirements**

- 8 A. If the Work shall include constructing, altering, repairing, improving, moving, or
9 demolishing any building, road, railroad, excavation or other structure, development, or
10 other improvement attached to real estate (including installing carpet and other floor
11 covering, erecting scaffolding or other structures, installing or repairing roofing or siding,
12 removing trees, and installing cabinets), the Bidder must be a registered contractor in
13 Washington State in compliance with chapter 18.27 RCW at the time of bid submittal and
14 such registration shall be “active” as reported by the Wash. Dept. of Labor and Industries
15 web site;
- 16 B. The Bidder must have a unified business identifier (UBI) number in compliance with WAC
17 458-20-101 and its business license shall be “active” as reported by the Wash. Business
18 Licensing Service web site;
- 19 C. If the Bidder employs persons in Washington State, the Bidder must have an employment
20 security reference number as required in compliance with Title 50 RCW;
- 21 D. If the Bidder employs persons in Washington State, the Bidder must have industrial
22 insurance coverage in compliance with Title 51 RCW and its account shall be “current” as
23 reported by the Wash. Dept. of Labor and Industries web site;
- 24 E. The Bidder must have a state excise tax registration number as required under Title 82
25 RCW and its account shall be “open” as reported by the Wash. Dept. of Revenue web
26 site;
- 27 F. The Bidder must not be disqualified from bidding on any public works contract under
28 RCW 39.06.010 or RCW 39.12.065 (3) as reported by the Wash. Dept. of Labor and
29 Industries web site;
- 30 G. If the total bid amount is one million dollars (\$1,000,000) or more, the Bidder must not
31 have been found out of compliance by the Washington State Apprenticeship and Training
32 Council for working apprentices out of ratio, without appropriate supervision, or outside
33 their approved work processes as outlined in their standards of apprenticeship under
34 chapter 49.04 RCW for the one-year period immediately preceding the date of the bid
35 solicitation;
- 36 H. The Bidder and/or their designee must have received training on the requirements related
37 to public works and prevailing wage under chapters 39.04 and 39.12 RCW. Bidders that
38 have completed three or more public works projects and have had a valid business
39 license in Washington for three or more years are exempt from this requirement; and
- 40 I. The Bidder shall not have been determined to be in violation of any provision of chapter
41 49.46, 49.48, or 49.52 RCW, within the three-year period immediately preceding the date
42 of the bid solicitation.

8 (hereinafter "**Contractor**").
9

10 **WITNESSETH:**

11
12 The Contractor agrees to furnish all labor, materials, tools, machinery, and equipment and to
13 perform all work and related activities, including work incidental to same, in accordance with
14 the Contract Documents including the bid proposal, addenda (if any), specifications, plans,
15 additive or deductive bid items (if any), and the instructions of the Port for the:

16
17 Improvements to approximately 3,825 track feet (TF) on two private industry
18 rail spurs by the: replacement and adjustment of ties; installation of missing
19 hardware, anchors, insulated joints, head bonds, and grounding; lubrication
20 and adjustment of switches; replacement and dressing of missing ballast;
21 installation of walkway ballast; and other work to provide a complete and
22 functioning project; all in accordance with the Contract Plans, Contract
23 Provisions, and the Standard Specifications, and to accept, in full payment

SECTION 00 52 13.13 – INDEMNIFICATION ADDENDUM

INDEMNIFICATION ADDENDUM
2026-02 – DIP Rail Spur Improvement Project

The Contractor hereby assumes all responsibility and liability for any and all damage or injury of any kind (including death resulting therefrom) to all persons and to all property (including loss of use thereof) caused by, resulting from, or arising out of, in whole or in part, the execution of the Work by Contractor and/or Contractor’s agents, employees, subcontractors, or anyone directly or indirectly employed by any of these parties or anyone for whose acts they may be liable.

Contractor further agrees to defend, indemnify, and hold the Port harmless from any and all claims, demands, losses, and liabilities of any kind (including death resulting therefrom) to all persons and to all property (including loss of use thereof), whether such claim be based upon the Contractor's and/or its agent's, employee's, or subcontractor's alleged active or passive negligence or participation in the wrong, or upon any alleged breach of any statutory duty or obligation on the part of the Contractor and/or its agents, employees, or subcontractors, from and against any and all loss, expense, damage, or injury that the Port, its agents, employees, or Architect/Engineer and its sub-consultants, may sustain as the result of any such claim, and Contractor agrees to assume on behalf of the Port, its agents, employees, or Architect/Engineer and its sub-consultants the defense of any action at law or equity which may be brought against the Port, its agents, employees, or Architect/Engineer and its sub-consultants upon any such claim and to pay all costs and expenses of whatever nature arising therefrom or in connection therewith; and to pay on behalf of the Port, its agents, employees, or Architect/Engineer and its sub-consultants, upon demand of either, the amount of any judgment that may be entered against the Port, its agents, employees, or Architect/Engineer and its sub-consultants, in such action or suit.

The Contractor’s duty to indemnify the Port shall not apply to liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of the Port, its agents, employees, and/or Architect/Engineer and its sub-consultants. The Contractor’s duty to indemnify the Port for liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the concurrent negligence of (a) the Contractor or the Contractor’s agents or employees and (b) the Port or the Port’s agents or employees shall apply only to the extent of negligence of the Contractor or its agents or employees.

The Contractor specifically and expressly waives any immunity that may be granted Contractor under the Washington State Industrial Insurance Act, Title 51 RCW, or its successor. Further, the indemnification obligation under these contract documents shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable to or for any third party under workers' compensation acts (including but not limited to the Washington State Industrial Insurance Act, the Longshoreman’s and Harborworker’s Act and the Federal Employee’s Liability Act), disability benefits acts or other employee benefits acts.

Contractor’s duty to defend, indemnify and hold the Port harmless shall include all costs and expenses of whatever nature arising therefrom or in connection therewith, including the Port’s personnel related costs, reasonable attorney fees, court costs including attorney fees and court costs on any appeal and all other claim related expenses.

The undersigned hereby certifies that this addendum has been mutually negotiated and executed this _____ day of _____, _____.

5 them with the following:
6

7 **Dates**

8 ***Bid Opening Date***

9 The date on which the Contracting Agency publicly opens and reads the Bids.

10 ***Award Date***

11 The date of the formal decision of the Contracting Agency to accept the lowest
12 responsible and responsive Bidder for the Work.

13 ***Contract Execution Date***

14 The date the Contracting Agency officially binds the Agency to the Contract.

15 ***Notice to Proceed Date***

16 The date stated in the Notice to Proceed on which the Contract time begins.

17 ***Substantial Completion Date***

18 The day the Engineer determines the Contracting Agency has full and unrestricted
19 use and benefit of the facilities, both from the operational and safety standpoint, any
20 remaining traffic disruptions will be rare and brief, and only minor incidental work,
21 replacement of temporary substitute facilities, plant establishment periods, or
22 correction or repair remains for the Physical Completion of the total Contract.

23 ***Physical Completion Date***

24 The day all of the Work is physically completed on the project. All documentation
25 required by the Contract and required by law does not necessarily need to be
26 furnished by the Contractor by this date.

27 ***Completion Date***

28 The day all the Work specified in the Contract is completed and all the obligations of
29 the Contractor under the contract are fulfilled by the Contractor. All documentation
30 required by the Contract and required by law must be furnished by the Contractor
31 before establishment of this date.

32 ***Final Acceptance Date***

33 The date on which the Contracting Agency accepts the Work as complete.

31 **1-02.5 Proposal Forms**

32 *(November 25, 2024 APWA GSP)*
33

34 Delete this section and replace it with the following:
35

36 The Proposal Form will identify the project and its location and describe the work. It will
37 also list estimated quantities, units of measurement, the items of work, and the materials
38 to be furnished at the unit bid prices. The bidder shall complete spaces on the proposal
39 form that call for, but are not limited to, unit prices; extensions; summations; the total bid
40 amount; signatures; date; and, where applicable, retail sales taxes and acknowledgment
41 of addenda; the bidder's name, address, telephone number, and signature; the bidder's

1 DBE commitment, if applicable; a State of Washington Contractor's Registration Number;
2 and a Business License Number, if applicable. Bids shall be in legible figures (not words)
3 written in ink or typed and expressed in U.S. dollars. The required certifications are
4 included as part of the Proposal Form.

5
6 The Contracting Agency reserves the right to arrange the proposal forms with alternates
7 and additives, if such be to the advantage of the Contracting Agency. The bidder shall bid
8 on all alternates and additives set forth in the Proposal Form unless otherwise specified.

9
10 **1-02.6 Preparation of Proposal**
11 *(April 22, 2025 APWA GSP, Option B)*

12
13 The first sentence of the second paragraph is revised to read as follows:

14 All prices shall be in legible figures (not words) written in ink or typed, and expressed in
15 U.S. dollars.

16 Supplement the second paragraph with the following:

- 17 4. If a minimum bid amount has been established for any item, the unit or lump sum
18 price must equal or exceed the minimum amount stated.

19 Delete the last two paragraphs, and replace them with the following:

20 The Bidder shall submit with their Bid a completed Contractor Certification Wage Law
21 Compliance form, provided by the Contracting Agency. Failure to return this certification
22 as part of the Bid Proposal package will make this Bid Nonresponsive and ineligible for
23 Award. A Contractor Certification of Wage Law Compliance form is included in the
24 Proposal Forms.

25 The Bidder shall make no stipulation on the Bid Form, nor qualify the bid in any manner.

26 A bid by a corporation shall be executed in the corporate name, by the president or a
27 vice president (or other corporate officer accompanied by evidence of authority to sign).

28 A bid by a partnership shall be executed in the partnership name and signed by a
29 partner.

30 A bid by a joint venture shall be executed in the joint venture name and signed by a
31 member of the joint venture.

37
38 Bid bonds shall contain the following:

- 39 1. Contracting Agency-assigned number for the project;
40 2. Name of the project;
41 3. The Contracting Agency named as obligee;
42 4. The amount of the bid bond stated either as a dollar figure or as a percentage which
43 represents five percent of the maximum bid amount that could be awarded;
44 5. Signature of the bidder's officer empowered to sign official statements. The signature
45 of the person authorized to submit the bid should agree with the signature on the
46 bond, and the title of the person must accompany the said signature;

1 6. The signature of the surety's officer empowered to sign the bond and the power of
2 attorney.

3
4 If so stated in the Contract Provisions, bidder must use the bond form included in the
5 Contract Provisions.

6
7 If so stated in the Contract Provisions, cash will not be accepted for a bid deposit.

13
14 **GENERAL**

15 Each Proposal shall be submitted in a sealed envelope, with the Project Name and
16 Project Number as stated in the Call for Bids clearly marked on the outside of the
17 envelope, or as otherwise required in the Bid Documents, to ensure proper handling
18 and delivery.

19
20 Proposals that are received as required will be publicly opened and read as specified in
21 Section 1-02.12. The Contracting Agency will not open or consider any Bid Proposal
22 that is received after the time specified in the Call for Bids for receipt of Bid Proposals or
23 received in a location other than that specified in the Call for Bids. The Contracting
24 Agency will not open or consider any "Supplemental Information" that is received after
25 the time specified, or received in a location other than that specified in the Call for Bids.

26
27 If an emergency or unanticipated event interrupts normal work processes of the
28 Contracting Agency so that Proposals cannot be received at the office designated for
29 receipt of bids as specified in Section 1-02.12 the time specified for receipt of the
30 Proposal will be deemed to be extended to the same time of day specified in the
31 solicitation on the first work day on which the normal work processes of the Contracting
32 Agency resume.

33
34 Supplemental bid information submitted after the Proposal submittal but within 48 hours
35 of the time and date the Proposal is due, shall be submitted in a sealed envelope
36 labeled the same as for the Proposal, with "Supplemental Information" added.

37
38 All other information required to be submitted with the Bid Proposal must be submitted
39 with the Bid Proposal itself, at the time stated in the Call for Bids.

45
46 After submitting a physical Bid Proposal to the Contracting Agency, the Bidder may
47 withdraw, revise, or supplement it if:

- 48
49 1. The Bidder submits a written request signed by an authorized person and
50 physically delivers it to the place designated for receipt of Bid Proposals, and
51 2. The Contracting Agency receives the request before the time set for receipt of
52 Bid Proposals, and

1 3. The revised or supplemented Bid Proposal (if any) is received by the
2 Contracting Agency before the time set for receipt of Bid Proposals.
3

4 If the Bidder's request to withdraw, revise, or supplement its Bid Proposal is received
5 before the time set for receipt of Bid Proposals, the Contracting Agency will return the
6 unopened Proposal package to the Bidder. The Bidder must then submit the revised or
7 supplemented package in its entirety. If the Bidder does not submit a revised or
8 supplemented package, then its bid shall be considered withdrawn.
9

10 Late revised or supplemented Bid Proposals or late withdrawal requests will be date
11 recorded by the Contracting Agency and returned unopened. Mailed, emailed, or faxed
12 requests to withdraw, revise, or supplement a Bid Proposal are not acceptable.

- 47 1. A Proposal will be considered irregular and will be rejected if:
 - 48 a. The Bidder is not prequalified when so required;
 - 49 b. The Bidder adds provisions reserving the right to reject or accept the Award,
50 or enter into the Contract;
 - 51 c. A price per unit cannot be determined from the Bid Proposal;
 - 52 d. The Proposal form is not properly executed;

- 1 e. The Bidder fails to submit or properly complete a subcontractor list as
2 required in Section 1-02.6;
- 3 f. The Bidder fails to submit the Bidder Questionnaire, if applicable, as required
4 by Section 1-02.6, or if the documentation that is submitted fails to meet the
5 requirements of the Special Provisions; or
- 6 g. The Bid Proposal does not constitute a definite and unqualified offer to meet
7 the material terms of the Bid invitation.
- 8
- 9 2. A Proposal may be considered irregular and may be rejected if:
- 10 a. The Proposal does not include a unit price for every Bid item;
- 11 b. Any of the unit prices are excessively unbalanced (either above or below the
12 amount of a reasonable Bid) to the potential detriment of the Contracting
13 Agency;
- 14 c. The authorized Proposal Form furnished by the Contracting Agency is not
15 used or is altered;
- 16 d. The completed Proposal form contains unauthorized additions, deletions,
17 alternate Bids, or conditions;
- 18 e. Receipt of Addenda is not acknowledged;
- 19 f. A member of a joint venture or partnership and the joint venture or
20 partnership submit Proposals for the same project (in such an instance, both
21 Bids may be rejected); or
- 22 g. If Proposal form entries are not made in ink.

29 A Bidder will be deemed not responsible if the Bidder does not meet the mandatory
30 bidder responsibility criteria in RCW 39.04.350(1), as amended.

31

32 The Contracting Agency will verify that the Bidder meets the mandatory bidder
33 responsibility criteria in RCW 39.04.350(1). To assess bidder responsibility, the
34 Contracting Agency reserves the right to request documentation as needed from the
35 Bidder and third parties concerning the Bidder's compliance with the mandatory bidder
36 responsibility criteria.

37

38 If the Contracting Agency determines the Bidder does not meet the mandatory bidder
39 responsibility criteria in RCW 39.04.350(1) and is therefore not a responsible Bidder, the
40 Contracting Agency shall notify the Bidder in writing, with the reasons for its
41 determination. If the Bidder disagrees with this determination, it may appeal the
42 determination within two (2) business days of the Contracting Agency's determination by
43 presenting its appeal and any additional information to the Contracting Agency. The
44 Contracting Agency will consider the appeal and any additional information before
45 issuing its final determination. If the final determination affirms that the Bidder is not
46 responsible, the Contracting Agency will not execute a contract with any other Bidder
47 until at least two business days after the Bidder determined to be not responsible has
48 received the Contracting Agency's final determination.

After opening and reading proposals, the Contracting Agency will check them for correctness of extensions of the prices per unit and the total price. If a discrepancy exists between the price per unit and the extended amount of any bid item, the price per unit will control. If a minimum bid amount has been established for any item and the bidder's unit or lump sum price is less than the minimum specified amount, the Contracting Agency will unilaterally revise the unit or lump sum price, to the minimum specified amount and recalculate the extension. The total of extensions, corrected where necessary, including sales taxes where applicable and such additives and/or alternates as selected by the Contracting Agency, will be used by the Contracting Agency for award purposes and to fix the Awarded Contract Price amount and the amount of the contract bond.

After opening Bids, if two or more lowest responsive Bid totals are exactly equal, then the tie-breaker will be the Bidder with an equal lowest bid, that proposed to use the highest percentage of recycled materials in the Project, per the form submitted with the Bid Proposal. If those percentages are also exactly equal, then the tie-breaker will be determined by drawing as follows: Two or more slips of paper will be marked as follows: one marked "Winner" and the other(s) marked "unsuccessful". The slips will be folded to make the marking unseen. The slips will be placed inside a box. One authorized representative of each Bidder shall draw a slip from the box. Bidders shall draw in alphabetic order by the name of the firm as registered with the Washington State Department of Licensing. The slips shall be unfolded and the firm with the slip marked "Winner" will be determined to be the successful Bidder and eligible for Award of the Contract. Only those Bidders who submitted a Bid total that is exactly equal to the lowest responsive Bid, and with a proposed recycled materials percentage that is exactly equal to the highest proposed recycled materials amount, are eligible to draw.

Copies of the Contract Provisions, including the unsigned Form of Contract, will be available for signature by the successful bidder on the first business day following award.

1 The number of copies to be executed by the Contractor will be determined by the
2 Contracting Agency.

3
4 Within **10** calendar days after the award date, the successful bidder shall return the
5 signed Contracting Agency-prepared contract, an insurance certification as required by
6 Section 1-07.18, a satisfactory bond as required by law and Section 1-03.4, the Transfer
7 of Coverage form for the Construction Stormwater General Permit with sections I, III, and
8 VIII completed when provided. Before execution of the contract by the Contracting
9 Agency, the successful bidder shall provide any pre-award information the Contracting
10 Agency may require under Section 1-02.15.

11
12 Until the Contracting Agency executes a contract, no proposal shall bind the Contracting
13 Agency nor shall any work begin within the project limits or within Contracting Agency-
14 furnished sites. The Contractor shall bear all risks for any work begun outside such areas
15 and for any materials ordered before the contract is executed by the Contracting Agency.

16
17 If the bidder experiences circumstances beyond their control that prevents return of the
18 contract documents within the calendar days after the award date stated above, the
19 Contracting Agency may grant up to a maximum of **10** additional calendar days for return

31
32 1. Be on Contracting Agency-furnished form(s);
33 2. Be signed by an approved surety (or sureties) that:
34 a. Is registered with the Washington State Insurance Commissioner, and
35 b. Appears on the current Authorized Insurance List in the State of Washington
36 published by the Office of the Insurance Commissioner,
37 3. Guarantee that the Contractor will perform and comply with all obligations, duties,
38 and conditions under the Contract, including but not limited to the duty and obligation
39 to indemnify, defend, and protect the Contracting Agency against all losses and
40 claims related directly or indirectly from any failure:
41 a. Of the Contractor (or any of the employees, subcontractors, or lower tier
42 subcontractors of the Contractor) to faithfully perform and comply with all contract
43 obligations, conditions, and duties, or
44 b. Of the Contractor (or the subcontractors or lower tier subcontractors of the
45 Contractor) to pay all laborers, mechanics, subcontractors, lower tier
46 subcontractors, material person, or any other person who provides supplies or
47 provisions for carrying out the work;
48 4. Be conditioned upon the payment of taxes, increases, and penalties incurred on the
49 project under titles 50, 51, and 82 RCW; and
50 5. Be accompanied by a power of attorney for the Surety's officer empowered to sign
the bond; and

1 6. Be signed by an officer of the Contractor empowered to sign official statements (sole
2 proprietor or partner). If the Contractor is a corporation, the bond(s) must be signed
3 by the president or vice president, unless accompanied by written proof of the

1 **1-05.7 Removal of Defective and Unauthorized Work**

2 *(October 1, 2005 APWA GSP)*

3

4 Supplement this section with the following:

5

6 If the Contractor fails to remedy defective or unauthorized work within the time specified
7 in a written notice from the Engineer, or fails to perform any part of the work required by
8 the Contract Documents, the Engineer may correct and remedy such work as may be
9 identified in the written notice, with Contracting Agency forces or by such other means as
10 the Contracting Agency may deem necessary.

11

12 If the Contractor fails to comply with a written order to remedy what the Engineer
13 determines to be an emergency situation, the Engineer may have the defective and
14 unauthorized work corrected immediately, have the rejected work removed and replaced,
15 or have work the Contractor refuses to perform completed by using Contracting Agency
16 or other forces. An emergency situation is any situation when, in the opinion of the
17 Engineer, a delay in its remedy could be potentially unsafe, or might cause serious risk
18 of loss or damage to the public.

19

20 Direct or indirect costs incurred by the Contracting Agency attributable to correcting and
21 remedying defective or unauthorized work, or work the Contractor failed or refused to
22 perform, shall be paid by the Contractor. Payment will be deducted by the Engineer from
23 monies due, or to become due, the Contractor. Such direct and indirect costs shall
24 include in particular, but without limitation, compensation for additional professional
25 services required, and costs for repair and replacement of work of others destroyed or
26 damaged by correction, removal, or replacement of the Contractor's unauthorized work.

27

28 No adjustment in contract time or compensation will be allowed because of the delay in
29 the performance of the work attributable to the exercise of the Contracting Agency's
30 rights provided by this Section.

31

32 The rights exercised under the provisions of this section shall not diminish the
33 Contracting Agency's right to pursue any other avenue for additional remedy or damages
34 with respect to the Contractor's failure to perform the work as required.

35

36 *(November 4, 2024)*

37 ***Nonconforming Work***

38 The Contracting Agency will not pay for Nonconforming Work.

39

40 Nonconforming Work is Work that in any way fails to meet the requirements of the
41 Contract. This includes, but is not limited to:

42

- 43 • Work that does not conform to Contract requirements
- 44 • Work that does not meet Contract requirements
- 45 • Work done beyond the lines and grades set by the Plans or the Engineer
- 46 • Extra Work and materials furnished without the Engineer's written approval
- 47 • Defective Work
- 48
- 49
- 50
- 51
- 52

- 1 • Noncompliant Work
- 2
- 3 • Nonconforming Work
- 4
- 5 • Out of specification Work
- 6
- 7 • Rejected Work
- 8
- 9 • Unacceptable Work
- 10
- 11 • Unauthorized Work
- 12
- 13 • Unsuitable Work
- 14
- 15 • Unsatisfactory Work
- 16

17 ***Identification of Nonconforming Work***

18 The Contractor is responsible for quality control and shall identify all Nonconforming
19 Work. The Contracting Agency may also identify Nonconforming Work during inspection
20 of Work that has been completed, is at an identified hold point, or has been identified by
21 the Contractor as ready for inspection. However, failure by the Contracting Agency to
22 identify Nonconforming Work shall not relieve the Contractor from their responsibility for
23 the quality of the Work, nor shall it constitute acceptance or approval of the
24 Nonconforming Work.

25

26 ***Reporting of Nonconforming Work***

27 Unless otherwise specified, the Contractor shall immediately report all Nonconforming
28 Work to the Engineer along with any relevant information about how the Nonconforming
29 Work shall be remediated. The Contractor shall be responsible and bear all costs for
30 remediating Nonconforming Work.

31

32 If the Contract requires the use of the WSDOT Unifier system for Document Control in
33 accordance with Section 1-04.2, reporting and remediation submittals shall follow the
34 “Nonconformance Report” business process in Unifier.

35

36 ***Remediation of Nonconforming Work***

37 Remediation to correct Nonconforming Work shall be completed as soon as possible.
38 However, unless otherwise specified, the Contractor shall not proceed with
39 implementing the remedy until the Engineer has accepted the Contractor’s proposed
40 remedy. Any remedial work done prior to the Engineer’s acceptance shall be at the
41 Contractor’s sole risk and will be subject to further rejection or remediation. The
42 Engineer has the right to reject all or part of the Nonconforming Work, and the
43 Engineer’s decision is final and not subject to protest.

44

45 Remediation shall be classified in one of the following categories:

- 46
- 47 1. Rework to Contract requirements
- 48
- 49 2. Remove and replace
- 50
- 51 3. Repair to acceptable standards
- 52

1 When disputes occur over which category a remedy belongs, the Engineer's decision
2 will be final and binding.

3
4 **Rework to Contract Requirements**

5 To be considered rework, the design and construction standards of the proposed
6 completed Work, in the sole judgment of the Engineer, shall meet the design and
7 construction standards applicable to the project.

8
9 Reporting of Nonconforming Work that is reworked is not required if all of the
10 following conditions are met:

- 11
12 1. The remediation shall be completed in the same shift as the
13 Nonconforming Work was identified.
14
15 2. It shall be remedied without damaging other Work.
16
17 3. It shall be remedied without putting the public at risk.
18
19 4. The Contractor's proposed remedy is in accordance with the Contract
20 requirements.
21
22 5. The Engineer does not request the Nonconforming Work be reported.

23
24 Examples of Nonconforming Work that may not need reported if reworked include:

- 25
26 • Missing dobies prior to concrete pouring
27
28 • Rebar spacing and missing rebar
29
30 • Out of plumb luminaire or sign pole/post
31

32 For all other rework the Contractor shall submit all relevant information to the
33 Engineer. The Contractor shall include Type 2 Working Drawings. The Type 2
34 Working Drawings shall explain how the nonconforming work will be reworked
35 including repairs that will achieve the Contract requirements. For preapproved
36 repair procedures, Type 1 Working drawings shall be included in lieu of the Type 2
37 Working Drawings.

38
39 **Remove and Replace**

40 To be considered as remove and replace, the Nonconforming Work shall be
41 removed and replaced and the design and construction standards of the proposed
42 completed Work, in the sole judgment of the Engineer, shall meet the design and
43 construction standards applicable to the project.

44
45 Reporting of Nonconforming Work that is removed and replaced is not required if all
46 of the following conditions are met:

- 47
48 1. The remedy shall be completed in the same shift the Nonconforming Work
49 was identified.
50
51 2. It shall be removed and replaced without damaging other Work.

3. Both the removal and the replacement meet all Contract requirements.

4. The Engineer does not request the Nonconforming Work be reported.

Examples of Nonconforming Work that may not need reported if removed and replaced include:

- Decompacting and recompacting a lift of embankment to meet compaction requirements
- Removing and replacing an installed and dented luminaire pole with a new one.

For all other remove and replace Work, the Contractor shall submit all relevant information, including Working Drawings of the Type requested by the Engineer.

The Working Drawings shall include how the nonconforming Work will be removed and replaced including protection of other Work if needed. Type 2 Working Drawings shall be required, unless the remediation requires engineering, in which case, Type 2E Working Drawings shall be provided.

Repair to an Acceptable Standard

At the Contractor's written request, the Engineer may approve remediation that includes repairing to an acceptable standard that does not meet the Contract requirements with an appropriate price reduction that may range from no reduction to no payment.

To request to repair Nonconforming work to an acceptable standard, the Contractor shall submit all relevant information. Remedies proposed for this category shall include Type 2E Working Drawings. The Type 2E working drawings shall indicate whether the Work, as repaired, will achieve the same load carrying capacity, and shall assess the effects of the repair on the durability of the Work. Calculations shall be provided to demonstrate that the Work, as repaired, will perform the intended functions for its intended design life.

1-05.11 Final Inspection

Delete this section and replace it with the following:

1-05.11 Final Inspections and Operational Testing
(October 1, 2005 APWA GSP)

1-05.11(1) Substantial Completion Date

When the Contractor considers the work to be substantially complete, the Contractor shall so notify the Engineer and request the Engineer establish the Substantial Completion Date. The Contractor's request shall list the specific items of work that remain to be completed in order to reach physical completion. The Engineer will schedule an inspection of the work with the Contractor to determine the status of completion. The Engineer may also establish the Substantial Completion Date unilaterally.

1 If, after this inspection, the Engineer concurs with the Contractor that the work is
2 substantially complete and ready for its intended use, the Engineer, by written notice to
3 the Contractor, will set the Substantial Completion Date. If, after this inspection the
4 Engineer does not consider the work substantially complete and ready for its intended
5 use, the Engineer will, by written notice, so notify the Contractor giving the reasons
6 therefor.

7
8 Upon receipt of written notice concurring in or denying substantial completion, whichever
9 is applicable, the Contractor shall pursue vigorously, diligently and without unauthorized
10 interruption, the work necessary to reach Substantial and Physical Completion. The
11 Contractor shall provide the Engineer with a revised schedule indicating when the
12 Contractor expects to reach substantial and physical completion of the work.

13
14 The above process shall be repeated until the Engineer establishes the Substantial
15 Completion Date and the Contractor considers the work physically complete and ready
16 for final inspection.

17
18 **1-05.11(2) Final Inspection and Physical Completion Date**

19
20 When the Contractor considers the work physically complete and ready for final
21 inspection, the Contractor by written notice, shall request the Engineer to schedule a
22 final inspection. The Engineer will set a date for final inspection. The Engineer and the
23 Contractor will then make a final inspection and the Engineer will notify the Contractor in
24 writing of all particulars in which the final inspection reveals the work incomplete or
25 unacceptable. The Contractor shall immediately take such corrective measures as are
26 necessary to remedy the listed deficiencies. Corrective work shall be pursued vigorously,
27 diligently, and without interruption until physical completion of the listed deficiencies. This
28 process will continue until the Engineer is satisfied the listed deficiencies have been
29 corrected.

30
31 If action to correct the listed deficiencies is not initiated within 7 days after receipt of the
32 written notice listing the deficiencies, the Engineer may, upon written notice to the
33 Contractor, take whatever steps are necessary to correct those deficiencies pursuant to
34 Section 1-05.7.

35 The Contractor will not be allowed an extension of contract time because of a delay in
36 the performance of the work attributable to the exercise of the Engineer's right
37 hereunder.

38
39 Upon correction of all deficiencies, the Engineer will notify the Contractor and the
40 Contracting Agency, in writing, of the date upon which the work was considered
41 physically complete. That date shall constitute the Physical Completion Date of the
42 contract, but shall not imply acceptance of the work or that all the obligations of the
43 Contractor under the contract have been fulfilled.

44
45 **1-05.11(3) Operational Testing**

46
47 It is the intent of the Contracting Agency to have at the Physical Completion Date a
48 complete and operable system. Therefore when the work involves the installation of
49 machinery or other mechanical equipment; street lighting, electrical distribution or signal
50 systems; irrigation systems; buildings; or other similar work it may be desirable for the
51 Engineer to have the Contractor operate and test the work for a period of time after final
52 inspection but prior to the physical completion date. Whenever items of work are listed in

1 the Contract Provisions for operational testing they shall be fully tested under operating
2 conditions for the time period specified to ensure their acceptability prior to the Physical
3 Completion Date. During and following the test period, the Contractor shall correct any
4 items of workmanship, materials, or equipment which prove faulty, or that are not in first
5 class operating condition. Equipment, electrical controls, meters, or other devices and
6 equipment to be tested during this period shall be tested under the observation of the
7 Engineer, so that the Engineer may determine their suitability for the purpose for which
8 they were installed. The Physical Completion Date cannot be established until testing
9 and corrections have been completed to the satisfaction of the Engineer.
10 The costs for power, gas, labor, material, supplies, and everything else needed to
11 successfully complete operational testing, shall be included in the unit contract prices
12 related to the system being tested, unless specifically set forth otherwise in the proposal.

13
14 Operational and test periods, when required by the Engineer, shall not affect a
15 manufacturer's guaranties or warranties furnished under the terms of the contract.
16

17 Add the following new section:
18

19 **1-05.12(1) One-Year Guarantee Period**
20 *(March 8, 2013 APWA GSP)*
21

22 The Contractor shall return to the project and repair or replace all defects in
23 workmanship and material discovered within one year after Final Acceptance of the
24 Work. The Contractor shall start work to remedy any such defects within 7 calendar
25 days of receiving Contracting Agency's written notice of a defect, and shall complete
26 such work within the time stated in the Contracting Agency's notice. In case of an
27 emergency, where damage may result from delay or where loss of services may
28 result, such corrections may be made by the Contracting Agency's own forces or
29 another contractor, in which case the cost of corrections shall be paid by the
30 Contractor. In the event the Contractor does not accomplish corrections within the
31 time specified, the work will be otherwise accomplished and the cost of same shall
32 be paid by the Contractor.
33

34 When corrections of defects are made, the Contractor shall then be responsible for
35 correcting all defects in workmanship and materials in the corrected work for one
36 year after acceptance of the corrections by Contracting Agency.
37

38 This guarantee is supplemental to and does not limit or affect the requirements that
39 the Contractor's work comply with the requirements of the Contract or any other
40 legal rights or remedies of the Contracting Agency.

2 **Other Contracts Or Other Work**

3 It is anticipated that the following work adjacent to or within the limits of this project will
4 be performed by others during the course of this project and will require coordination of
5 the work:

6

7 Normal business operations of adjacent parcels that will affect the work zone.

11

12 Revise the second paragraph to read:

13

14 All correspondence from the Contractor shall be served and directed to the Engineer.
15 All correspondence from the Contractor constituting any notification, notice of protest,
16 notice of dispute, or other correspondence constituting notification required to be
17 furnished under the Contract, must be written in paper format, hand delivered or sent
18 via certified mail delivery service with return receipt requested to the Engineer's
19 office. Electronic copies such as e-mails or electronically delivered copies of
20 correspondence will not constitute such notice and will not comply with the
21 requirements of the Contract.

22

23 Add the following new section:

24

25 **1-05.16 Water and Power**

26 (October 1, 2005 APWA GSP)

27

28 The Contractor shall make necessary arrangements, and shall bear the costs for power
29 and water necessary for the performance of the work, unless the contract includes power
30 and water as a pay item.

31

32 **1-06.2(2)B Financial Incentive**

33 (January 4, 2024 APWA GSP)

34

35 Replace the first sentence of this Section with the following:

36

37 The maximum Composite Pay Factor shall be 1.00.

38

39 **LEGAL RELATIONS AND RESPONSIBILITIES TO THE PUBLIC**

40 **1-07.1 Laws to be Observed**

41 (October 1, 2005 APWA GSP)

42

43 Supplement this section with the following:

44

45 In cases of conflict between different safety regulations, the more stringent regulation
46 shall apply.

47

48 The Washington State Department of Labor and Industries shall be the sole and
49 paramount administrative agency responsible for the administration of the provisions of
50 the Washington Industrial Safety and Health Act of 1973 (WISHA).

51

1 The Contractor shall maintain at the project site office, or other well known place at the
2 project site, all articles necessary for providing first aid to the injured. The Contractor
3 shall establish, publish, and make known to all employees, procedures for ensuring
4 immediate removal to a hospital, or doctor's care, persons, including employees, who
5 may have been injured on the project site. Employees should not be permitted to work
6 on the project site before the Contractor has established and made known procedures
7 for removal of injured persons to a hospital or a doctor's care.

8
9 The Contractor shall have sole responsibility for the safety, efficiency, and adequacy of
10 the Contractor's plant, appliances, and methods, and for any damage or injury resulting
11 from their failure, or improper maintenance, use, or operation. The Contractor shall be
12 solely and completely responsible for the conditions of the project site, including safety
13 for all persons and property in the performance of the work. This requirement shall apply
14 continuously, and not be limited to normal working hours. The required or implied duty of
15 the Engineer to conduct construction review of the Contractor's performance does not,
16 and shall not, be intended to include review and adequacy of the Contractor's safety
17 measures in, on, or near the project site.

18

19 **State Taxes**

20

21 **1-07.2 State Taxes**

22

23 Delete this section, including its sub-sections, in its entirety and replace it with the following:

24

25 **1-07.2 State Sales Tax**

26 *(June 27, 2011 APWA GSP)*

27

28 The Washington State Department of Revenue has issued special rules on the State
29 sales tax. Sections 1-07.2(1) through 1-07.2(3) are meant to clarify those rules. The
30 Contractor should contact the Washington State Department of Revenue for answers to
31 questions in this area. The Contracting Agency will not adjust its payment if the
32 Contractor bases a bid on a misunderstood tax liability.

33

34 The Contractor shall include all Contractor-paid taxes in the unit bid prices or other
35 contract amounts. In some cases, however, state retail sales tax will not be included.
36 Section 1-07.2(2) describes this exception.

37

38 The Contracting Agency will pay the retained percentage (or release the Contract Bond if
39 a FHWA-funded Project) only if the Contractor has obtained from the Washington State
40 Department of Revenue a certificate showing that all contract-related taxes have been
41 paid (RCW 60.28.051). The Contracting Agency may deduct from its payments to the
42 Contractor any amount the Contractor may owe the Washington State Department of
43 Revenue, whether the amount owed relates to this contract or not. Any amount so
44 deducted will be paid into the proper State fund.

45

46 **1-07.2(1) State Sales Tax — Rule 171**

47

48 WAC 458-20-171, and its related rules, apply to building, repairing, or improving streets,
49 roads, etc., which are owned by a municipal corporation, or political subdivision of the
50 state, or by the United States, and which are used primarily for foot or vehicular traffic.
51 This includes storm or combined sewer systems within and included as a part of the
52 street or road drainage system and power lines when such are part of the roadway

1 lighting system. For work performed in such cases, the Contractor shall include
2 Washington State Retail Sales Taxes in the various unit bid item prices, or other contract
3 amounts, including those that the Contractor pays on the purchase of the materials,
4 equipment, or supplies used or consumed in doing the work.

5
6 **1-07.2(2) State Sales Tax — Rule 170**
7

8 WAC 458-20-170, and its related rules, apply to the constructing and repairing of new or
9 existing buildings, or other structures, upon real property. This includes, but is not
10 limited to, the construction of streets, roads, highways, etc., owned by the state of
11 Washington; water mains and their appurtenances; sanitary sewers and sewage
12 disposal systems unless such sewers and disposal systems are within, and a part of, a
13 street or road drainage system; telephone, telegraph, electrical power distribution lines,
14 or other conduits or lines in or above streets or roads, unless such power lines become a
15 part of a street or road lighting system; and installing or attaching of any article of
16 tangible personal property in or to real property, whether or not such personal property
17 becomes a part of the realty by virtue of installation.

18
19 For work performed in such cases, the Contractor shall collect from the Contracting
20 Agency, retail sales tax on the full contract price. The Contracting Agency will
21 automatically add this sales tax to each payment to the Contractor. For this reason, the
22 Contractor shall not include the retail sales tax in the unit bid item prices, or in any other
23 contract amount subject to Rule 170, with the following exception.

24
25 Exception: The Contracting Agency will not add in sales tax for a payment the Contractor
26 or a subcontractor makes on the purchase or rental of tools, machinery, equipment, or
27 consumable supplies not integrated into the project. Such sales taxes shall be included
28 in the unit bid item prices or in any other contract amount.

29
30 **1-07.2(3) Services**
31

32 The Contractor shall not collect retail sales tax from the Contracting Agency on any
33 contract wholly for professional or other services (as defined in Washington State
34 Department of Revenue Rules 138 and 244).
35

36 **U.S. Army Corps of Engineers**

37 Section 1-07.5(5) is supplemented with the following:

38
39 *(February 6, 2023)*

40 The Contractor shall dispose of all creosoted timber, creosoted piling and associated
41 debris as shown in the Plans in accordance with current federal, state, and local
42 regulations and provisions, and following Best Management Practices. Handling shall
43 meet the Minimum Functional Standards for Solid Waste Handling, Chapter 173-304
44 WAC. Disposal shall be made in a landfill which meets the liner and leachate standards
45 of the Criteria for Municipal Solid Waste Landfills, Chapter 173-351 WAC. The
46 Contractor shall provide receipts from the disposal facility to the Engineer. If the
47 material is transported to a transfer station, the Contractor shall obtain documentation
48 indicating that final disposal will comply with the standards referenced above.
49

50 **Permits And Licenses**

51 Section 1-07.6 is supplemented with the following:
52

1 (March 13, 1995)
2 No hydraulic permits are required for this project unless the Contractor's
3 operations use, divert, obstruct, or change the natural flow or bed of any river or
4 stream, or utilize any of the waters of the State or materials from gravel or sand
5 bars, or from stream beds.
6

7 **Load Limits**

8 Section 1-07.7 is supplemented with the following:
9

10 (March 13, 1995)
11 If the sources of materials provided by the Contractor necessitates hauling over roads
12 other than State Highways, the Contractor shall, at the Contractor's expense, make all
13 arrangements for the use of the haul routes.
14

15 **High-Visibility Apparel**

16 The third and fourth paragraphs of Section 1-07.8 are revised to read:
17

18 (November 4, 2024)
19 High-visibility garments shall always be the outermost garments worn in a manner to
20 ensure 360 degrees of uninterrupted background and retroreflective material encircling
21 the torso.
22

23 High-visibility garments shall be labeled as, and in a condition compliant with the
24 ANSI/ISEA 107-2015 publication entitled "American National Standard for High-Visibility
25 Safety Apparel and Accessories," or equivalent revisions.
26

27 **Traffic Control Personnel**

28 Section 1-07.8(1) is revised to read:
29

30 (November 4, 2024)
31 All personnel performing the Work described in Section 1-10 (including traffic
32 control supervisors, flaggers, and others performing traffic control labor of any kind)
33 shall comply with the following:
34

- 35 1. During daylight hours with clear visibility, workers shall wear a high-
36 visibility ANSI/ISEA 107 Type R Class 2 or 3 garment with background
37 material that are fluorescent yellow-green, fluorescent orange-red, or
38 fluorescent red in color; and a high visibility hardhat that is white, yellow,
39 yellow-green, orange, or red in color; and
40
41 2. During hours of darkness (½ hour before sunset to ½ hour after sunrise)
42 or other low-visibility conditions (snow, fog, etc.), workers shall wear a
43 high-visibility ANSI/ISEA 107 Type R Class 2 or 3 garment with
44 background material that are fluorescent yellow-green, fluorescent
45 orange-red, or fluorescent red in color; a high-visibility lower garment
46 meeting ANSI/ISEA 107 Class E, and a high visibility hardhat marked with
47 at least 12 square inches of retroreflective material applied to provide 360
48 degrees of visibility.
49

50 **1-07.11(2) Contractual Requirements**

51 (November 25, 2024 APWA GSP)
52

1 Delete item 11 of the first paragraph of Section 1-07.11(2).

2

3 **Utilities and Similar Facilities**

4

5 Section 1-07.17 is supplemented with the following:

6

7 *(April 2, 2007)*

8 Locations and dimensions shown in the Plans for existing facilities are in accordance
9 with available information obtained without uncovering, measuring, or other verification.

10

11 The following addresses and telephone numbers (where available) of utility companies
12 known or suspected of having facilities within the project limits are supplied for the
13 Contractor's convenience:

33 **1-07.18 Public Liability and Property Damage Insurance**

34

35 Delete this section in its entirety, and replace it with the following:

36

37 **1-07.18 Insurance**
38 *(January 4, 2024 APWA GSP)*

39

40 **1-07.18(1) General Requirements**

41 A. The Contractor shall procure and maintain the insurance described in all subsections of
42 section 1-07.18 of these Special Provisions, from insurers with a current A. M. Best
43 rating of not less than A-: VII and licensed to do business in the State of Washington.
44 The Contracting Agency reserves the right to approve or reject the insurance provided,
45 based on the insurer's financial condition.

46

47 B. The Contractor shall keep this insurance in force without interruption from the
48 commencement of the Contractor's Work through the term of the Contract and for thirty
49 (30) days after the Physical Completion date, unless otherwise indicated below.

50

51 C. If any insurance policy is written on a claims-made form, its retroactive date, and that of
52 all subsequent renewals, shall be no later than the effective date of this Contract. The

1 policy shall state that coverage is claims made and state the retroactive date. Claims-
2 made form coverage shall be maintained by the Contractor for a minimum of 36 months
3 following the Completion Date or earlier termination of this Contract, and the Contractor
4 shall annually provide the Contracting Agency with proof of renewal. If renewal of the
5 claims made form of coverage becomes unavailable, or economically prohibitive, the
6 Contractor shall purchase an extended reporting period (“tail”) or execute another form of
7 guarantee acceptable to the Contracting Agency to assure financial responsibility for
8 liability for services performed.
9

- 10 D. The Contractor’s Automobile Liability, Commercial General Liability and Excess or
11 Umbrella Liability insurance policies shall be primary and non-contributory insurance as
12 respects the Contracting Agency’s insurance, self-insurance, or self-insured pool
13 coverage. Any insurance, self-insurance, or self-insured pool coverage maintained by
14 the Contracting Agency shall be excess of the Contractor’s insurance and shall not
15 contribute with it.
16
- 17 E. The Contractor shall provide the Contracting Agency and all additional insureds with
18 written notice of any policy cancellation, within two business days of their receipt of such
19 notice.
20
- 21 F. The Contractor shall not begin work under the Contract until the required insurance has
22 been obtained and approved by the Contracting Agency
23
- 24 G. Failure on the part of the Contractor to maintain the insurance as required shall
25 constitute a material breach of contract, upon which the Contracting Agency may, after
26 giving five business days’ notice to the Contractor to correct the breach, immediately
27 terminate the Contract or, at its discretion, procure or renew such insurance and pay any
28 and all premiums in connection therewith, with any sums so expended to be repaid to the
29 Contracting Agency on demand, or at the sole discretion of the Contracting Agency,
30 offset against funds due the Contractor from the Contracting Agency.
31
- 32 H. All costs for insurance shall be incidental to and included in the unit or lump sum prices
33 of the Contract and no additional payment will be made.
34
- 35 I. Under no circumstances shall a wrap up policy be obtained, for either initiating or
36 maintaining coverage, to satisfy insurance requirements for any policy required under
37 this Section. A “wrap up policy” is defined as an insurance agreement or arrangement
38 under which all the parties working on a specified or designated project are insured
39 under one policy for liability arising out of that specified or designated project.
40

41 **1-07.18(2) Additional Insured**

42 All insurance policies, with the exception of Workers Compensation, and of Professional
43 Liability and Builder’s Risk (if required by this Contract) shall name the following listed
44 entities as additional insured(s) using the forms or endorsements required herein:

- 45 ▪ the Contracting Agency and its officers, elected officials, employees, agents, and
46 volunteers
- 47 ▪ AKS Engineering & Forestry, LLC
48

49 The above-listed entities shall be additional insured(s) for the full available limits of liability
50 maintained by the Contractor, irrespective of whether such limits maintained by the
51 Contractor are greater than those required by this Contract, and irrespective of whether the

1 Certificate of Insurance provided by the Contractor pursuant to 1-07.18(4) describes limits
2 lower than those maintained by the Contractor.
3

4 For Commercial General Liability insurance coverage, the required additional insured
5 endorsements shall be at least as broad as ISO forms CG 20 10 10 01 for ongoing
6 operations and CG 20 37 10 01 for completed operations.
7

8 **1-07.18(3) Subcontractors**
9 The Contractor shall cause each subcontractor of every tier to provide insurance coverage
10 that complies with all applicable requirements of the Contractor-provided insurance as set
11 forth herein, except the Contractor shall have sole responsibility for determining the limits of
12 coverage required to be obtained by subcontractors.
13

14 The Contractor shall ensure that all subcontractors of every tier add all entities listed in
15 1-07.18(2) as additional insureds, and provide proof of such on the policies as required by
16 that section as detailed in 1-07.18(2) using an endorsement as least as broad as ISO CG 20
17 10 10 01 for ongoing operations and CG 20 37 10 01 for completed operations.
18

19 Upon request by the Contracting Agency, the Contractor shall forward to the Contracting
20 Agency evidence of insurance and copies of the additional insured endorsements of each
21 subcontractor of every tier as required in 1-07.18(4) Verification of Coverage.
22

23 **1-07.18(4) Verification of Coverage**
24 The Contractor shall deliver to the Contracting Agency a Certificate(s) of Insurance and
25 endorsements for each policy of insurance meeting the requirements set forth herein when
26 the Contractor delivers the signed Contract for the work. Failure of Contracting Agency to
27 demand such verification of coverage with these insurance requirements or failure of
28 Contracting Agency to identify a deficiency from the insurance documentation provided shall
29 not be construed as a waiver of Contractor's obligation to maintain such insurance.
30

31 Verification of coverage shall include:

32 1. An ACORD certificate or a form determined by the Contracting Agency to be equivalent.
33 2. Copies of all endorsements naming Contracting Agency and all other entities listed in
34 1-07.18(2) as additional insured(s), showing the policy number. The Contractor may
35 submit a copy of any blanket additional insured clause from its policies instead of a
36 separate endorsement.
37 3. Any other amendatory endorsements to show the coverage required herein.
38 4. A notation of coverage enhancements on the Certificate of Insurance shall not satisfy
39 these requirements – actual endorsements must be submitted.
40

41 Upon request by the Contracting Agency, the Contractor shall forward to the Contracting
42 Agency a full and certified copy of the insurance policy(s). If Builders Risk insurance is
43 required on this Project, a full and certified copy of that policy is required when the
44 Contractor delivers the signed Contract for the work.
45

46 **1-07.18(5) Coverages and Limits**
47 The insurance shall provide the minimum coverages and limits set forth below. Contractor's
48 maintenance of insurance, its scope of coverage, and limits as required herein shall not be
49 construed to limit the liability of the Contractor to the coverage provided by such insurance,

1 or otherwise limit the Contracting Agency's recourse to any remedy available at law or in
2 equity.

3
4 All deductibles and self-insured retentions must be disclosed and are subject to approval by
5 the Contracting Agency. The cost of any claim payments falling within the deductible or self-
6 insured retention shall be the responsibility of the Contractor. In the event an additional
7 insured incurs a liability subject to any policy's deductibles or self-insured retention, said
8 deductibles or self-insured retention shall be the responsibility of the Contractor.

9
10 **1-07.18(5)A Commercial General Liability**

11 Commercial General Liability insurance shall be written on coverage forms at least as broad
12 as ISO occurrence form CG 00 01, including but not limited to liability arising from premises,
13 operations, stop gap liability, independent contractors, products-completed operations,
14 personal and advertising injury, and liability assumed under an insured contract. There shall
15 be no exclusion for liability arising from explosion, collapse or underground property
16 damage.

17
18 The Commercial General Liability insurance shall be endorsed to provide a per project
19 general aggregate limit, using ISO form CG 25 03 05 09 or an equivalent endorsement.

20
21 Contractor shall maintain Commercial General Liability Insurance arising out of the
22 Contractor's completed operations for at least three years following Substantial Completion
23 of the Work.

24
25 Such policy must provide the following minimum limits:

26	\$2,000,000	Each Occurrence
27	\$3,000,000	General Aggregate
28	\$3,000,000	Products & Completed Operations Aggregate
29	\$2,000,000	Personal & Advertising Injury each offence
30	\$2,000,000	Stop Gap / Employers' Liability each accident

31
32 **1-07.18(5)B Automobile Liability**

33 Automobile Liability shall cover owned, non-owned, hired, and leased vehicles; and shall be
34 written on a coverage form at least as broad as ISO form CA 00 01. If the work involves the
35 transport of pollutants, the automobile liability policy shall include MCS 90 and CA 99 48
36 endorsements.

37
38 Such policy must provide the following minimum limit:

39	\$1,000,000	Combined single limit each accident
----	-------------	-------------------------------------

40
41 **1-07.18(5)C Workers' Compensation**

42 The Contractor shall comply with Workers' Compensation coverage as required by the
43 Industrial Insurance laws of the State of Washington.

44
45 **1-07.18(5)J Pollution Liability**

46 *(January 4, 2016 APWA GSP)*

47
48 The Contractor shall provide a Contractors Pollution Liability policy, providing coverage for
49 claims involving bodily injury, property damage (including loss of use of tangible property
50 that has not been physically injured), cleanup costs, remediation, disposal or other handling

1 of pollutants, including costs and expenses incurred in the investigation, defense, or
2 settlement of claims, arising out of any one or more of the following:
3 1. Contractor's operations related to this project.
4 2. Remediation, abatement, repair, maintenance or other work with lead-based paint
5 or materials containing asbestos.
6 3. Transportation of hazardous materials away from any site related to this project.
7

8 All entities listed under 1-07.18(2) of these Special Provisions shall be named by
9 endorsement as additional insureds on the Contractors Pollution Liability insurance policy.
10

11 Such Pollution Liability policy shall provide the following minimum limits:

12 \$1,000,000 each loss and annual aggregate
13

14 **1-07.24 Rights of Way**
15 *(April 22, 2025 APWA GSP)*
16

17 Delete this section and replace it with the following:

18 Street Right of Way lines, limits of easements, and limits of construction permits are
19 indicated in the Plans. The Contractor's construction activities shall be confined within
20 these limits unless arrangements for use of private property are made as described
21 below.

22 Generally, the Contracting Agency will have obtained, prior to bid opening, all rights of
23 way and easements, both permanent and temporary, necessary for carrying out the
24 work. Exceptions to this are noted in the Bid Documents or will be brought to the
25 Contractor's attention by a duly issued Addendum.

26 Whenever any of the work is accomplished on or through property other than public
27 Right of Way, the Contractor shall meet and fulfill all covenants and stipulations of any
28 easement agreement obtained by the Contracting Agency from the owner of the private
29 property. Copies of the easement agreements may be included in the Contract
30 Provisions or made available to the Contractor as soon as practical after they have been
31 obtained by the Engineer.

32 Whenever easements or rights of entry have not been acquired prior to advertising,
33 these areas are so noted in the Plans. The Contractor shall not proceed with any portion
34 of the work in areas where right of way, easements or rights of entry have not been
35 acquired until the Engineer certifies to the Contractor that the right of way or easement is
36 available or that the right of entry has been received. If the Contractor is delayed due to
37 acts of omission on the part of the Contracting Agency in obtaining easements, rights of
38 entry or right of way, the Contractor will be entitled to an extension of time. The
39 Contractor agrees that such delay shall not be a breach of contract.

40 Each property owner shall be given 48 hours' notice prior to entry by the Contractor.
41 This includes entry onto easements and private property where private improvements
42 must be adjusted.

43 The Contractor shall be responsible for providing, without expense or liability to the
44 Contracting Agency, any additional land and access thereto that the Contractor may
45 desire for temporary construction facilities, storage of materials, or other Contractor
46 needs. However, before using any private property, whether adjoining the work or not,
47 the Contractor shall file with the Engineer a written permission of the private property
48 owner, and, upon vacating the premises, a written release from the property owner of
49 each property disturbed or otherwise interfered with by reasons of construction pursued

1 under this contract. The statement shall be signed by the private property owner, or
2 proper authority acting for the owner of the private property affected, stating that
3 permission has been granted to use the property and all necessary permits have been
4 obtained or, in the case of a release, that the restoration of the property has been
5 satisfactorily accomplished. The statement shall include the parcel number, address,
6 and date of signature. Written releases must be filed with the Engineer before the
7 Completion Date will be established.

9 PROSECUTION AND PROGRESS

10 1-08.0 Preliminary Matters

11 *(May 25, 2006 APWA GSP)*
12
13

14 Add the following new section:
15

16 1-08.0(1) Preconstruction Conference

17 *(July 8, 2024 APWA GSP)*
18

19 Prior to the Contractor beginning the work, a preconstruction conference will be held
20 between the Contractor, the Engineer and such other interested parties as may be
21 invited. The purpose of the preconstruction conference will be:

- 22 1. To review the initial progress schedule;
- 23 2. To establish a working understanding among the various parties associated or
24 affected by the work;
- 25 3. To establish and review procedures for progress payment, notifications, approvals,
26 submittals, etc.;
- 27 4. To review DBE Requirements, Training Plans, and Apprenticeship Plans, when
28 applicable.
- 29 5. To establish normal working hours for the work;
- 30 6. To review safety standards and traffic control; and
- 31 7. To discuss such other related items as may be pertinent to the work.
32

33 The Contractor shall prepare and submit at the preconstruction conference the following:

- 34 1. A breakdown of all lump sum items;
- 35 2. A preliminary schedule of working drawing submittals; and
- 36 3. A list of material sources for approval if applicable.
37

38 Add the following new section:
39

40 1-08.0(2) Hours of Work

41 *(December 4, 2014 APWA GSP)*
42

43 Except in the case of emergency or unless otherwise approved by the Engineer, the
44 normal working hours for the Contract shall be any consecutive 8-hour period between
45 7:00 a.m. and 6:00 p.m. Monday through Friday, exclusive of a lunch break. If the
46 Contractor desires different than the normal working hours stated above, the request
47 must be submitted in writing prior to the preconstruction conference, subject to the
48 provisions below. The working hours for the Contract shall be established at or prior to
49 the preconstruction conference.

1 All working hours and days are also subject to local permit and ordinance conditions
2 (such as noise ordinances).
3 If the Contractor wishes to deviate from the established working hours, the Contractor
4 shall submit a written request to the Engineer for consideration. This request shall state
5 what hours are being requested, and why. Requests shall be submitted for review no
6 later than **noon** prior to the day(s) the Contractor is requesting to change the hours.
7

8 If the Contracting Agency approves such a deviation, such approval may be subject to
9 certain other conditions, which will be detailed in writing. For example:

- 10 1. On non-Federal aid projects, requiring the Contractor to reimburse the
11 Contracting Agency for the costs in excess of straight-time costs for Contracting
12 Agency representatives who worked during such times. (The Engineer may
13 require designated representatives to be present during the work.
14 Representatives who may be deemed necessary by the Engineer include, but are
15 not limited to: survey crews; personnel from the Contracting Agency's material
16 testing lab; inspectors; and other Contracting Agency employees or third party
17 consultants when, in the opinion of the Engineer, such work necessitates their
18 presence.)
- 19 2. Considering the work performed on Saturdays, Sundays, and holidays as working
20 days with regard to the contract time.
- 21 3. Considering multiple work shifts as multiple working days with respect to contract
22 time even though the multiple shifts occur in a single 24-hour period.
- 23 4. If a 4-10 work schedule is requested and approved the non working day for the
24 week will be charged as a working day.
- 25 5. If Davis Bacon wage rates apply to this Contract, all requirements must be met
26 and recorded properly on certified payroll

3 Delete this section and replace it with the following:

4

5 **1-08.4 Notice to Proceed and Prosecution of Work**

6 *(July 23, 2015 APWA GSP)*

7

8 Notice to Proceed will be given after the contract has been executed and the contract
9 bond and evidence of insurance have been approved and filed by the Contracting
10 Agency. The Contractor shall not commence with the work until the Notice to Proceed
11 has been given by the Engineer. The Contractor shall commence construction activities
12 on the project site within ten days of the Notice to Proceed Date, unless otherwise
13 approved in writing. The Contractor shall diligently pursue the work to the physical
14 completion date within the time specified in the contract. Voluntary shutdown or slowing
15 of operations by the Contractor shall not relieve the Contractor of the responsibility to
16 complete the work within the time(s) specified in the contract.

17

18 When shown in the Plans, the first order of work shall be the installation of high visibility
19 fencing to delineate all areas for protection or restoration, as described in the Contract.
20 Installation of high visibility fencing adjacent to the roadway shall occur after the
21 placement of all necessary signs and traffic control devices in accordance with 1-10.1(2).
22 Upon construction of the fencing, the Contractor shall request the Engineer to inspect the
23 fence. No other work shall be performed on the site until the Contracting Agency has
24 accepted the installation of high visibility fencing, as described in the Contract.

25

26 **Time For Completion**

27 *(March 13, 1995)*

28

29 Section 1-08.5 is supplemented with the following:

30

31 This project shall be physically completed within **30** working days.

32

33 **1-08.5 Time for Completion**

34 *(November 25, 2024 APWA GSP, Option A)*

35

36 Revise the third and fourth paragraphs to read:

37

38 Contract time shall begin on the first working day following the Notice to Proceed Date.

39

40 Each working day shall be charged to the contract as it occurs, until the contract work is
41 physically complete. If substantial completion has been granted and all the authorized
42 working days have been used, charging of working days will cease. Each week the
43 Engineer will provide the Contractor a statement that shows the number of working days:
44 (1) charged to the contract the week before; (2) specified for the physical completion of
45 the contract; and (3) remaining for the physical completion of the contract. The statement
46 will also show the nonworking days and all partial or whole days the Engineer declares
47 as unworkable. The statement will be identified as a Written Determination by the
48 Engineer. If the Contractor does not agree with the Written Determination of working
49 days, the Contractor shall pursue the protest procedures in accordance with Section 1-
50 04.5. By failing to follow the procedures of Section 1-04.5, the Contractor shall be
51 deemed as having accepted the statement as correct. If the Contractor is approved to
52 work 10 hours a day and 4 days a week (a 4-10 schedule) and the fifth day of the week

1 in which a 4-10 shift is worked would ordinarily be charged as a working day then the
2 fifth day of that week will be charged as a working day whether or not the Contractor
3 works on that day.

4 Revise the sixth paragraph to read:

5
6 The Engineer will give the Contractor written notice of the completion date of the contract
7 after all the Contractor's obligations under the contract have been performed by the
8 Contractor. The following events must occur before the Completion Date can be
9 established:

- 10 1. The physical work on the project must be complete; and
- 11 2. The Contractor must furnish all documentation required by the contract and required
12 by law, to allow the Contracting Agency to process final acceptance of the contract.
13 The following documents must be received by the Project Engineer prior to
14 establishing a completion date:
 - 15 a. Certified Payrolls (per Section 1-07.9(5)).
 - 16 b. Material Acceptance Certification Documents
 - 17 c. Monthly Reports in DMCS of the amounts paid including the final payment
18 confirmation to all firms required by Section 1-08.1(7)A if applicable
 - 19 d. Final Contract Voucher Certification
 - 20 e. Copies of the approved "Affidavit of Prevailing Wages Paid" for the Contractor
21 and all Subcontractors
 - 22 f. A copy of the Notice of Termination sent to the Washington State Department of
23 Ecology (Ecology); the elapse of 30 calendar days from the date of receipt of the
24 Notice of Termination by Ecology; and no rejection of the Notice of Termination
25 by Ecology. This requirement will not apply if the Construction Stormwater
26 General Permit is transferred back to the Contracting Agency in accordance with
27 Section 8-01.3(16).
 - 28 g. Property owner releases per Section 1-07.24

29
30 **1-08.9 Liquidated Damages**

31 *(March 3, 2021 APWA GSP, Option B)*

32
33 Revise the second and third paragraphs to read:

34
35 Accordingly, the Contractor agrees:

- 36
37 1. To pay (according to the following formula) liquidated damages for each
38 working day beyond the number of working days established for Physical
39 Completion, and
- 40
41 2. To authorize the Engineer to deduct these liquidated damages from any
42 money due or coming due to the Contractor.

When the Contract Work has progressed to Substantial Completion as defined in the Contract, the Engineer may determine the Contract Work is Substantially Complete. The Engineer will notify the Contractor in writing of the Substantial Completion Date. For overruns in Contract time occurring after the date so established, the formula for liquidated damages shown above will not apply. For overruns in Contract time occurring after the Substantial Completion Date, liquidated damages shall be assessed on the basis of direct engineering and related costs assignable to the project until the actual Physical Completion Date of all the Contract Work. The Contractor shall complete the remaining Work as promptly as possible. Upon request by the Project Engineer, the Contractor shall furnish a written schedule for completing the physical Work on the Contract.

MEASUREMENT AND PAYMENT

1-09.2(1) General Requirements for Weighing Equipment
(July 8, 2024 APWA GSP, Option C)

Revise the sixth and seventh paragraph to read:

Trucks and Tickets – Each truck to be weighed shall bear a unique identification number. This number shall be legible and in plain view of the scale operator. The Contractor shall provide Electronic tickets or Physical tickets for all weighed materials. All Tickets shall, regardless of medium, at a minimum, contain the following information:

- 1. Date of haul;
- 2. Contract number;
- 3. Contract unit Bid item;
- 4. Unit of measure;
- 5. Identification number of hauling vehicle; and
- 6. Weight delivered:
 - a. Net weight in the case of batch and hopper scales.
 - b. Gross weight, tare (a.m. and p.m. minimum) and net weight in the case of platform scales (tare may be omitted if a tare beam is used).
 - c. Approximate load out weight in the case of belt conveyor scales.

Electronic-tickets shall be uploaded to the designated site so that they can be accessed by the material receiver at the material delivery point. Physical tickets shall be handed to the inspector at the delivery point at the time materials are delivered. The material delivery point is defined as the location where the material is incorporated into the permanent Work. The Contractor’s representative shall make report summaries available to the Engineer’s designated receiver, not later than the end of shift, for reconciliation. Tickets for loads not verified as delivered will receive no pay.

1-09.6 Force Account
(December 30, 2022 APWA GSP)

Supplement this section with the following:

1 The Contracting Agency has estimated and included in the Proposal, dollar amounts for
2 all items to be paid per force account, only to provide a common proposal for Bidders. All
3 such dollar amounts are to become a part of Contractor's total bid. However, the
4 Contracting Agency does not warrant expressly or by implication, that the actual amount
5 of work will correspond with those estimates. Payment will be made on the basis of the
6 amount of work actually authorized by the Engineer.
7

8 **1-09.9 Payments**
9 *(July 8, 2024, APWA GSP, Option B)*
10

11 Delete the fourth paragraph and replace it with the following:

12 Progress payments for completed work and material on hand will be based upon
13 progress estimates prepared by the Engineer. A progress estimate cutoff date will be
14 established at the preconstruction conference.
15

16 The initial progress estimate will be made not later than 30 days after the Contractor
17 commences the work, and successive progress estimates will be made every month
18 thereafter until the Completion Date. Progress estimates made during progress of the
19 work are tentative, and made only for the purpose of determining progress payment.
20 The progress estimates are subject to change at any time prior to the calculation of the
21 Final Payment.
22

23 The value of the progress estimate will be the sum of the following:

- 24 1. Unit Price Items in the Bid Form — the approximate quantity of acceptable units of
25 work completed multiplied by the unit price.
- 26 2. Lump Sum Items in the Bid Form — based on the approved Contractor's lump sum
27 breakdown for that item, or absent such a breakdown, based on the Engineer's
28 determination.
- 29 3. Materials on Hand — 100 percent of invoiced cost of material delivered to Job site
30 or other storage area approved by the Engineer.
- 31 4. Change Orders — entitlement for approved extra cost or completed extra work as
32 determined by the Engineer.
33

34 Progress payments will be made in accordance with the progress estimate less:

- 35 1. Retainage per Section 1-09.9(1), on non FHWA-funded projects;
- 36 2. The amount of Progress Payments previously made; and
- 37 3. Funds withheld by the Contracting Agency for disbursement in accordance with the
38 Contract Documents.
39

40 Progress payments for work performed shall not be evidence of acceptable performance
41 or an admission by the Contracting Agency that any work has been satisfactorily
42 completed. The determination of payments under the contract will be final in accordance
43 with Section 1-05.1.
44

45 **1-09.11(3) Time Limitation and Jurisdiction**
46 *(December 30, 2022 APWA GSP)*
47

48 Revise this section to read:
49

1 For the convenience of the parties to the Contract it is mutually agreed by the parties that
2 all claims or causes of action which the Contractor has against the Contracting Agency
3 arising from the Contract shall be brought within 180 calendar days from the date of final
4 acceptance (Section 1-05.12) of the Contract by the Contracting Agency; and it is further
5 agreed that all such claims or causes of action shall be brought only in the Superior
6 Court of the county where the Contracting Agency headquarters is located, provided that
7 where an action is asserted against a county, RCW 36.01.050 shall control venue and
8 jurisdiction. The parties understand and agree that the Contractor's failure to bring suit
9 within the time period provided, shall be a complete bar to all such claims or causes of
10 action. It is further mutually agreed by the parties that when claims or causes of action
11 which the Contractor asserts against the Contracting Agency arising from the Contract
12 are filed with the Contracting Agency or initiated in court, the Contractor shall permit the
13 Contracting Agency to have timely access to all records deemed necessary by the
14 Contracting Agency to assist in evaluating the claims or action.

15
16 **1-09.13(3)A Arbitration General**
17 *(January 19, 2022 APWA GSP)*

18
19 Revise the third paragraph to read:

20
21 The Contracting Agency and the Contractor mutually agree to be bound by the decision
22 of the arbitrator, and judgment upon the award rendered by the arbitrator may be entered
23 in the Superior Court of the county in which the Contracting Agency's headquarters is
24 located, provided that where claims subject to arbitration are asserted against a county,
25 RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. The decision
26 of the arbitrator and the specific basis for the decision shall be in writing. The arbitrator
27 shall use the Contract as a basis for decisions.

28
29 **1-09.13(4) Venue for Litigation**
30 *(December 30, 2022 APWA GSP)*

31
32 Revise this section to read:

33
34 Litigation shall be brought in the Superior Court of the county in which the Contracting
35 Agency's headquarters is located, provided that where claims are asserted against a
36 county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. It is
37 mutually agreed by the parties that when litigation occurs, the Contractor shall permit the
38 Contracting Agency to have timely access to all records deemed necessary by the
39 Contracting Agency to assist in evaluating the claims or action.

40
41 **TEMPORARY TRAFFIC CONTROL**

42
43 **Traffic Control Management**

44 Section 1-10.2 is supplemented with the following:

45
46 *(November 2, 2022)*

47 **Work Zone Safety Contingency**

48 Enhancements to improve the effectiveness of the accepted traffic control plans to
49 increase the safety of the work zones shall be discussed on a weekly basis between the
50 Contractor and the Contracting Agency. Enhancements shall be mutually agreed upon

1 by the Contractor and Engineer prior to performing any Work to implement the
2 enhancement.
3
4 Enhancements do not include the use of Uniformed Police Officers or WSP, address
5 changes to the allowed work hour restrictions, or changes to the staging plans in the
6 Contract (if applicable). If allowed by the Engineer, these items will be addressed in
7 accordance with Section 1-04.4.
8
9 The Contractor shall be solely responsible for submitting any traffic control plan revision
10 to implement the enhancement in accordance with Section 1-10.2(2).
11

12 **Traffic Control Management**

13
14 **General**

APPENDICES

(January 2, 2012)

The following appendices are attached and made a part of this contract:

*** Appendix A, Wage Rates***

(January 5, 2026)

Standard Plans

The Washington State Department of Transportation *Standard Plans* M21-01, published September 2024, is made a part of this Contract with the following revisions:

A-10.30

RISER RING detail (Including SECTION view and RISER RING DIMENSIONS table):
The RISER RING detail is deleted from the plan.

INSTALLATION detail, SECTION A: The "1/4" callout is revised to read "+/- 1/4" (SEE CONTRACT ~ Note: The + 1/4" installation is shown in the Section A view)"

A-40.20

Sheet 1, NOTES 1, 2, 3, and 4 are replaced with the following:

1. Use the 1/2 inch joint details for bridges with expansion length less than 100 feet and for bridges with L type abutments. Use the 1 inch joint details for other applications.
2. Use detail 5, 6, 7 on steel trusses and timber bridges with concrete bridge deck panels.
3. For details 1, 2, 3, and 4, the item "HMA Joint Seal at Bridge End" shall be used for payment. For details 5 and 6, the item "HMA Joint Seal at Bridge Deck Panel Joint" shall be used for payment. For detail 7, the item "Clean and Seal Bridge Deck Panel Joint" shall be used for payment.

Sheet 2, Detail 8 reference to "6-09.3(6)" is revised to read "6-21.3(7)".

A-50.40

Sheet 1, Plan View: The callout "BEAM GUARDRAIL TYPE 31 TRANSITION SECTION TYPE 21 OR TYPE 24 (SEE STANDARD PLAN C-25.20 OR C-25.30)" is revised to read "BEAM GUARDRAIL TYPE 31 TRANSITION SECTION TYPE 21, 24, OR 25 (SEE STANDARD PLAN C-25.20, C-25.30, OR C-25.32)"

A-60.40

Note 2 reference to "6-09.3(6)" is revised to read "6-21.3(7)".

4. J. The first eight (8) hours worked on a Saturday shall be paid at one and one-half times the hourly rate of wage. All hours worked in excess of eight (8) hours on a Saturday shall be paid at double the hourly rate of wage. All hours worked over twelve (12) in a day, and all hours worked on Sundays and Holidays shall be paid at double the hourly rate of wage.
- K. All hours worked on a Saturday shall be paid at one and one-half times the hourly rate of wage, so long as Saturday is the sixth consecutive day worked. All hours worked over twelve (12) in a day Monday through Saturday, and all hours worked on Sundays and Holidays shall be paid at double the hourly rate of wage.
- L. The first twelve (12) hours worked on a Saturday shall be paid at one and one-half times the hourly rate of wage. All hours worked on a Saturday in excess of twelve (12) hours shall be paid at double the hourly rate of pay. All hours worked over twelve (12) in a day Monday through Friday, and all hours worked on Sundays shall be paid at double the hourly rate of wage. All hours worked on a holiday shall be paid at one and one-half times the hourly rate of wage, except that all hours worked on Labor Day shall be paid at double the hourly rate of pay.
- S. On a four (4) day ten (10) hour workweek scheduled Monday through Thursday, or Tuesday through Friday, work performed in excess of (10) hours shall be paid at one and one half (1-1/2) times the hourly rate of pay. On Monday through Friday, work performed outside the normal work hours of 6:00 a.m. and 6:00 p.m. shall be paid at one and one-half (1-1/2) times the straight time rate, (except for special shifts or multiple shift operations).
- All hours worked on Saturdays shall be paid at one and one-half times the hourly rate of wage. All work performed on Sundays and holidays shall be paid at double the hourly rate of wage. When an employee returns to work without at least eight (8) hours time off since their previous shift, all such time shall be a continuation of shift and paid at the applicable overtime rate until such time as the employee has had a break of eight (8) hours.
- Multiple Shift Operations: When the first shift of a multiple shift (a two or three shift) operation is started at the basic straight time rate or at a specific overtime rate, all shifts of that day's operation shall be completed at that rate. Special Shifts: The Special Shift Premium is the basic hourly rate of pay plus \$2.00 an hour. When due to conditions beyond the control of the employer or when an owner (not acting as the contractor), a government agency or the contract specifications require more than four (4) hours of a special shift can only be performed outside the normal 6am to 6pm shift then the special shift premium will be applied to the basic straight time for the entire shift. When an employee works on a special shift, they shall be paid the special shift premium for each hour worked unless they are in overtime or double-time status. (For example, the special shift premium does not waive the overtime requirements for work performed on Saturday or Sunday).

**Washington State Department of Labor and Industries
Policy Statement
(Regarding the Production of "Standard" or "Non-standard" Items)**

Below is the department's (State L&I's) list of criteria to be used in determining whether a prefabricated item is "standard" or "non-standard". For items not appearing on WSDOT's predetermined list, these criteria shall be used by the Contractor (and the Contractor's subcontractors, agents to subcontractors, suppliers, manufacturers, and fabricators) to determine coverage under RCW 39.12. The production, in the State of Washington, of non-standard items is covered by RCW 39.12, and the production of standard items is not. The production of any item outside the State of Washington is not covered by RCW 39.12.

1. Is the item fabricated for a public works project? If not, it is not subject to RCW 39.12. If it is, go to question 2.
2. Is the item fabricated on the public works jobsite? If it is, the work is covered under RCW 39.12. If not, go to question 3.
3. Is the item fabricated in an assembly/fabrication plant set up for, and dedicated primarily to, the public works project? If it is, the work is covered by RCW 39.12. If not, go to question 4.
4. Does the item require any assembly, cutting, modification or other fabrication by the supplier? If not, the work is not covered by RCW 39.12. If yes, go to question 5.
5. Is the prefabricated item intended for the public works project typically an inventory item which could reasonably be sold on the general market? If not, the work is covered by RCW 39.12. If yes, go to question 6.
6. Does the specific prefabricated item, generally defined as standard, have any unusual characteristics such as shape, type of material, strength requirements, finish, etc? If yes, the work is covered under RCW 39.12.

Any firm with questions regarding the policy, WSDOT's Predetermined List, or for determinations of covered and non-covered workers shall be directed to State L&I at (360) 902-5330.

**WSDOT's
Predetermined List for
Suppliers - Manufactures - Fabricator**

Below is a list of potentially prefabricated items, originally furnished by WSDOT to Washington State Department of Labor and Industries, that may be considered non-standard and therefore covered by the prevailing wage law, RCW 39.12. Items marked with an X in the "YES" column should be considered to be non-standard and therefore covered by RCW 39.12. Items marked with an X in the "NO" column should be considered to be standard and therefore not covered.
